Plan Holder List

Project Name Keowee Street Pump Station Rehabilitation (15% MBE Participation)

10 Plan Holders.

Estimated Cost \$0.00

Estimated Completion

Pre-Bid Date Tuesday, September 27, 2016

Project Description This project consists of the Rehabilitation of the Keowee Street Storm Sewer Pump Station. Work includes removal and replacement of three submersible pumps, including all electrical work; rehabilitation of the existing pump station building, including roof repair; installation of replacement catch basins; and other work necessary to complete the project, including site work. Bypass pumping during construction will be necessary.
