V. PLANNING ACTION

A. PUBLIC HEARING:

3. To repeal existing Planned Development PD-53, replace it with Planned Development PD-177, and zone all property within the boundaries of PD-177 EGC Eclectic General Commercial. This will allow SugarCreek company to reuse the former Kroger store at 900 North Gettysburg Avenue for the warehousing and storage of equipment and other uses associated with the business – Case No. PLN2019-00586.

VI. MISCELLANEOUS:

- ORDINANCE NO. 31789-20
- RESOLUTION NO. 6471-20
- IMPROVEMENT RESOLUTION NO. 3598-20
- INFORMAL RESOLUTION NO. 974-20
A RESOLUTION

Amending Resolution No. 6467-19 Which Authorized the City Manager to Accept a Donation of Two (2) Dual Output Gateway North America, Bollard Electric Car Charging Units with One (1) Year of Services Valued at THIRTY-SEVEN THOUSAND THREE HUNDRED NINETY-FIVE DOLLARS AND ZERO CENTS ($37,395.00), and Declaring an Emergency.

WHEREAS, Resolution No. 6467-19, passed on December 30, 2019, authorized the City Manager to accept a donation of two (2) Dual Output Gateway North America, Bollard Electric Car Charging Units with One (1) Year of Services; and,

WHEREAS, A clerical error contained in the Caption and Section 1 of Resolution No. 6467-19 incorrectly stated the City would be accepting two (2) charging units, whereas the City will actually be accepting four (4) charging units; and,

WHEREAS, It is necessary for the immediate preservation of public peace, property, health, and safety that this Resolution take effect at the earliest possible date; now, therefore,

BE IT RESOLVED BY THE COMMISSION OF THE CITY OF DAYTON:

Section 1. That the Caption of Resolution No. 6467-19 is amended to read as follows:

Amending Resolution No. 6467-19 Which Authorized the City Manager to Accept a Donation of Four (4) Dual Output Gateway North America, Bollard Electric Car Charging Units with One (1) Year of Services Valued at THIRTY-SEVEN THOUSAND THREE HUNDRED NINETY-FIVE DOLLARS AND ZERO CENTS ($37,395.00), and Declaring an Emergency.

Section 2. That Section 1 of Resolution No. 6467-19 is amended to read as follows:

That this Commission approves and accepts the donation of four (4) Dual Output Gateway North America, Bollard Electric Car Charging Units with One (1) Year of Services valued at THIRTY-SEVEN THOUSAND THREE HUNDRED NINETY-FIVE DOLLARS AND ZERO CENTS ($37,395.00) from Constellation Energy.
Section 3. That all other sections of Resolution 6467-19 remain in full force and effect.

Section 4. For the reasons set forth in the preamble hereof, this Resolution is declared to be an emergency and shall take effect immediately upon its adoption.

ADOPTED BY THE COMMISSION......................, 2020

SIGNED BY THE MAYOR............................... , 2020

SUBJECT: Donation of 4 Electric Charging Stations

The attached is an Informal Resolution Amendment to correct the amount of donated Dual Output Gateway North America, Bollard Electric Car Charging Units and one (1) year of complimentary operation services from the two (2) units as originally read, to four (4) units. These units are being donated by Constellation Energy, whom is the City’s natural gas provide through their partnership with Chargepoint, Inc. The total donation value is $37,395.00, which is the same as the original resolution. The Law Department has reviewed and signed as to form the requested informal resolution amendment.

Two (2) units will replace the units near the Dayton Dragon’s Stadium and two (2) will be added at new location near the Oregon District. This is in efforts to provide more sustainable options to the public on behalf of the City’s efforts to be good environmental stewards.

There will be an associated purchase order (P1901325) that provides a five year service plan, which was approved on the 12/30/2019 Commission calendar. The City is only paying for 4 years of that plan; Constellation covered the initial year as part of their donation.

It is requested to have 2 readings at the same meeting. Should you have any questions, please do not hesitate to ask.

AN ORDINANCE

To Vacate Hunter Avenue from Leo Street to Windham Street and the Eastern Eight Feet of the Alley East of Hillrose Avenue from the South Property Line of City Lot #33819 to Windham Street.

WHEREAS, The City Commission did on the 6th day of November, 2019, by Resolution No. 6450-19, declare its intention to vacate Hunter Avenue from Leo Street to Windham Street and the eastern eight feet of the alley east of Hillrose Avenue from the south Property Line of City Lot #33819 to Windham Street; and,

WHEREAS, The Board of Revision of Assessments, after a hearing regularly held for the purpose of consideration of objections to said proposed vacation, as provided by the Charter of the City of Dayton, has recommended that Hunter Avenue from Leo Street to Windham Street and the eastern eight feet of the alley east of Hillrose Avenue from the south Property Line of City Lot #33819 to Windham Street be vacated; and,

WHEREAS, The City Plan Board has approved said vacation; and,

WHEREAS, The vacation of Hunter Avenue from Leo Street to Windham Street and the eastern eight feet of the alley east of Hillrose Avenue from the south Property Line of City Lot #33819 to Windham Street as described herein will enable the abutting property to be consolidated and sold for development; and,

WHEREAS, The Commission is satisfied that there is good cause for said vacation and that it will serve the public interest and welfare and should be made; now, therefore,

BE IT ORDAINED BY THE COMMISSION OF THE CITY OF DAYTON:

Section 1. That Hunter Avenue from Leo Street to Windham Street and the eastern eight feet of the alley east of Hillrose Avenue from the south Property Line of City Lot #33819 to Windham Street; being more particularly bounded and described in as follows:

Being all of the 50 foot Hunter Avenue from the 50 foot Leo Street to the 50 foot Windham Street and the eastern 8’ of the 16 foot alley east of Hillrose Avenue from the south property line of City Lot #33819 the 50 foot Windham Street is hereby vacated.

Section 2. The vacation shall be subject to the following conditions:

A. The area shall be marked in a manner acceptable to the Division of Civil Engineering to indicate that it is not public right-of-way.

B. The alley mouth at Windham Street shall be removed and replaced with curb and walk, or a driveway shall be constructed.
All work shall be completed within ninety (90) days of the vacation and to City of Dayton standards.

C. The street openings at Leo Street and Windham Street shall be removed and replaced with curb and walk, or a driveway shall be constructed. All work shall be completed within ninety (90) days of the vacation and to City of Dayton standards.

D. Applicant shall contact Miami Valley Lighting to remove the City of Dayton from billing for the street lights on Hunter Avenue.

E. Vectren shall retain an easement over, under, and through the Hunter Avenue for its existing gas main. With written consent from Vectren these facilities may be relocated or abandoned at the expense of the applicant.

F. DP&L shall retain an easement over, under, and through the alley east of Hillrose Avenue for its existing electric facilities. With written consent from DP&L these facilities may be relocated or abandoned at the expense of the applicant.

G. The City of Dayton Department of Water shall retain an easement over, under, and through the vacated area for its existing fire hydrants. With written consent from City of Dayton Department of Water these facilities may be relocated or abandoned at the expense of the applicant.

H. Designate and provide fire apparatus access road to the east side of the existing 814 Hillrose Avenue building, and existing fire department sprinkler connection (mid-block in accordance with Ohio Administrative Code Section 1301:7-7-05, Section (C) 503 Fire Apparatus Access Roads).
I. A turnaround shall be constructed and dedicated for the alley north of Leo Street at Hunter Avenue. Plans for the turnaround shall be submitted to Civil Engineering for review and approval. All work shall be done to City of Dayton standards.

Decision: Recommended Approval

Staff Comments
Abigail Free presented the staff report. She said that with the requirements outlined in the Planned Development standards, staff believed the determinations and findings could be made and recommended approval.

This case will repeal existing Planned Development PD-53, replace it with Planned Development PD-177, and zone all property within the boundaries of PD-177 EGC Eclectic General Commercial. This will allow the SugarCreek company to reuse the former Kroger store at 900 North Gettysburg Avenue for the warehousing and storage of equipment and other uses associated with the business.

Because the subject property has a vacant structure, approximately 53,000-sf previously used as a retail grocery, the size and scale of the structure lends itself to reuse as warehouse and storage. Accessory uses may include offices, training rooms, wholesale distribution, and light manufacturing. The grocery, closed since 2008, has not seen any interest in reuse as retail.

Off-street parking regulations shall comply with the Zoning Code. There are 328 existing off-street parking spaces. Since high levels of parking are not required for the new proposed use, eliminating some existing parking may take place in the future. This site has primary access off of Gettysburg Avenue and two secondary curb cuts along Oakridge Drive. No new access points have been proposed.

The site has existing street trees which are to remain. Although, if the existing trees are to be removed due to death or damage, new trees must be planted along Gettysburg Avenue and Oakridge Drive, to City standards and spaced 30-ft on center. Black ornamental fencing, 7-feet in height, has been proposed around the perimeter of the site. The fencing will be situated within the landscaping setback to all the existing street trees to remain. Parking lot lighting shall be installed/replaced to comply with the Zoning Code.

Although not proposed at this time, there may arise an opportunity to develop a portion of the parking lot, as the current size will not be utilized by the warehouse use. If new construction is proposed in the future, the Planned Development can enable the City Plan Board to review any future building’s site location and design. Also, a new building shall be compatible with existing Kroger building in terms of materials, color, fenestration, and scale.

Public Comments
The West Land Use Board recommended approval of the case. Standards that the West Land Use Board requested are contained in the Planned Development regulations, were addressed by SugarCreek, or can be regulated by Traffic Engineering.
Pete Tamborski, General Counsel, and Ryan Ballard, Project Manager, SugarCreek, 1241 North Gettysburg Avenue, Dayton, OH spoke in support of the project and answered questions from the Plan Board. They said the owner of the company continues to invest along Gettysburg and is here to stay. Initially, the former Kroger will be used to refurbish several million dollars’ worth of equipment that the company purchased. Truck access will be off Oakridge and SugarCreek will not have the amount of truck traffic that Kroger did. The hours of operation at this site are expected to be 6 AM to 6 PM.

**Board Discussion**
The Plan Board discussed the case. Mr. Scott asked if others will be allowed to store vehicles at the site. Ms. Free said the site cannot be used as a truck terminal. Mr. Payne asked if food will be manufactured at this site. Mr. Tamborski said no.

**Board Action**
A motion was made by Mr. Bradley, seconded by Ms. Pendergast and carried to recommend City Commission approval of Case PLN2019-00586 based on the Plan Board’s ability to make the determinations specified in R.C.G.O. Section 150.125.7 as outlined in the staff report.

Request/Description:
A Zoning Map Amendment to rezone 7.365-acres, known as parcels R72 12405 0007 & 0016, thus rescinding PD-53 and creating a new Planned Development with existing EGC underlying zoning at 900 N Gettysburg Avenue.

Board Authority:
§ 150.125.1 through 150.125.8 R.C.G.O. City Plan Board actions for amendments to the Official Zoning Map.

Applicable Plans and Policies:

CitiPlan 20/20: Goals
• We are the best at the 4 Rs – redevelopment; reuse; revitalization of our neighborhoods, business districts, downtown, and undeveloped land; and retention of our job base

CitiPlan 20/20: Revised Land Use Principles (2007)
• Encourage planned development overlays and other special controls to facilitate development in undeveloped areas, underdeveloped areas, and areas where the proposed use may require additional conditions to ensure compatibility with surrounding land uses.
• Provide for an active pedestrian environment throughout the City by designing thoroughfares that are sensitive to pedestrian needs.
Agencies and Groups Contacted:

Existing Land Use/Zoning: Abandoned Kroger Grocery Store; EGC/PD-53

Proposed Land Use/Zoning: Warehouse/Storage & Accessory Uses; EGC/PD

Surrounding Land Use/Zoning:
North: Family Dollar/Retail; EGC
South: Dwellings & Wesley Center; ER-4 & T
East: Vacant lots, dwellings, church; T
West: Single & Multi-family dwellings; ER-4

Planned Development Analysis:

The Applicant, Sugar Creek Packing Company, requests to amend the Official Zoning Map to rezone 7.365-acres, known as 900 N Gettysburg Avenue, and rescind PD-53 and create a new PD but the EGC underlying zoning will remain. The existing Planned Development 53 will be repealed and a new planned development will be established to allow the abandoned Kroger grocery store to be reused for warehousing and storage.

The existing PD-53 was established for Kroger and included regulations for the retail grocery and an accessory fueling station. The Kroger grocery store has not been in operation since 2008. The fueling station was never constructed.

Land Use:
The Applicant requests that the subject property be rezoned for the purpose of adding a warehouse and storage use. The Planned Development Overlay will include this zoning change within its development standards.

Because the subject property has a vacant structure, approximately 53,000-sf previously used as a retail grocery, the size and scale of the structure lends itself to reuse as warehouse and storage. Accessory uses may include offices, training rooms, wholesale distribution, and light manufacturing. The grocery, closed since 2008, has not seen any interest in reuse as retail.

Off-Street Vehicle Parking:
Off-street parking regulations shall comply with Section 150.700. There are 328 existing off-street parking spaces. Since high levels of parking are not required for the new proposed use, eliminating some existing parking may take place in the future.
Landscaping:
The site has existing street trees which are to remain. Although, if the existing trees are to be removed due to death or damage, new trees must be planted along Gettysburg Avenue and Oakridge Drive, to City standards and spaced 30-ft on center.

Fencing:
Black ornamental fencing, 7-feet in height, has been proposed around the perimeter of the site. The fencing will be situated within the landscaping setback to all the existing street trees to remain.

Lighting:
Parking lot lighting shall be installed/replaced to comply with Section 150.700.14 (F).

Vehicular Access:
This site has primary access off of Gettysburg Avenue and two secondary curb cuts along Oakridge Drive. No new access points have been proposed.

Pedestrian Access:
Sidewalk exists along Gettysburg Avenue and Oakridge Drive.

Signage:
Signage shall comply with Section 150.900 of the zoning code regulations.

New Construction:
Although not proposed at this time, there may arise an opportunity to develop a portion of the parking lot, as the current size will not be utilized by the warehouse use. If new construction is proposed in the future, the Planned Development can enable the City Plan Board to review any future building’s site location and design. Also, a new building shall be compatible with existing Kroger building in terms of materials, color, fenestration, and scale.

Also, the existing setback along Gettysburg shall be maintained which currently does not comply with existing EGC setback regulations. Staff recommends restricting the access curb cuts to what is existing and keeping Gettysburg Avenue as primary and Oakridge Drive as secondary.

Conclusion:
Overall, Planning Staff supports the proposed uses and development plan. The proposed Development Standards are based on discussions with the property owner’s representatives and hope to allow current and future redevelopment of the site to fit the needs of the new uses.
150.350.7: Planned Development Review Criteria

(A) The proposed plan is consistent with the goals and objectives of the City’s Comprehensive Plan;

Staff believes the new Planned Development Overlay is in the best interest of the City and will allow for the redevelopment of a site that has been abandoned for many years. (See applicable CitiPlan 2020 goals and objectives on page 1).

(B) The proposed plan is consistent with any other plan or policy statement for the orderly development of the City;

Yes, redevelopment of this site is consistent will West Dayton plans and policy.

(C) The proposed plan is consistent with the goals of this Zoning Code which include creating a built environment that reflects and complements Dayton’s existing built form;

The purpose of the Zoning Code is to promote and uphold the public health, safety, and general welfare of the City through regulation of land and of the type, size, and use of structures. The proposed Planned Development will allow the new users to redevelop an abandoned site and structure, in which the proposed uses are not permitted under the current zoning designation.

The site has been abandoned since 2008, without being able to find a user under existing zoning conditions. By allowing for addition permitted uses, the site can be redeveloped by the new owner.

(D) The appropriate use and value of property within and adjacent to the area will be safeguarded;

The surrounding zoning districts are EGC Eclectic General Commercial, T Transitional, and ER-4 Eclectic Single-family Residential. The reuse as a warehouse and storage, although more industrial, is less intense than a large retail store like the previous Kroger. All storage shall be done indoors.

(E) The site design concepts demonstrate that the proposed development will result in a harmonious grouping of buildings within the proposed development and in relationship to existing and proposed uses on adjacent property;

The proposed uses will not have adverse effects on the immediate surrounding area.

(F) Evidence that the character, massing, form, and materials of the buildings shall be compatible with one another throughout the entire development;
No new buildings are proposed at this time, but the Developments standards will require a Major Site Design Review is any new structures are proposed in the future.

(G) Preservation of significant natural features to the maximum extent feasible, such as, but not limited to, stream beds or other water courses, steep slopes, mature stands of trees, individual trees of substantial age or size, and rock outcroppings;

No natural circumstances exist, but the site includes mature street trees which will remain.

(8) Intended measures that will be taken to convey the terms of the design criteria to future purchasers and/or tenants.

Upon applying for any building permits, a zoning review is conducted that will check for compliance with the Planned Development Overlay.

Alternatives

- Recommend approval of the requested zoning change as submitted by the Applicant from EGC/PD to EGC/New PD, based on the Board's ability to make the necessary determinations found in R.C.G.O. Section 150.350.7 (A through H), finding that it is consistent with the CitiPlan:20/20 plan future land use principles.

- Recommend approval with modifications to the requested zoning change as submitted by the Applicant from EGC/PD to EGC/New PD, based on the Board's ability to make the necessary determinations found in R.C.G.O. Section 150.350.7 (A through H), finding that it is consistent with the CitiPlan:20/20 plan future land use principles.

- Recommend denial of the requested zoning change as submitted by the Applicant for from EGC/PD to EGC/New PD, based on the Board's inability to make the necessary determinations found in R.C.G.O. Section 150.350.7 (A through H), finding that it is consistent with the CitiPlan:20/20 plan future land use principles.

Future Actions:

If the Plan Board recommends approval of the proposed map amendment, the request will be forwarded to the City Commission for public hearing.

RE: Case # 00586-2019 – 900 N. Gettysburg Avenue

The West Priority Land Use Board held a meeting, Thursday, November 7, 2019, to review and discuss the case mentioned above. It is the recommendation of the WPLUB that the Plan Board approve the application as submitted with the following recommendations:

1. Standards be established that adhere to requirements associated with an operation of this size; specifically:
   a. Lighting, fencing and parking
   b. Hours of operation
   c. Landscaping on the perimeter
   d. Site plan review for any new construction
   e. On street parking along Oakridge – prohibiting it
   f. Rodent control plan
   g. On site management of fleet vehicles.

It should be noted that the applicant was not present to provide responses to concerns related to the intended plan development use. There was also a citizen/property owner in attendance that has property in proximity to the building.

Sincerely,

Joseph Shaw, Chairperson  
West Priority Land Use Board
