SUBJECT: Change Order – CT17-1814 O&S Associates, Inc.

Property Management is requesting an increase of $9,513 to CT17-1814 O&S Associates Inc. for additional engineering services. During the design phase, it was determined to be necessary to perform the additional services of invasive coring and investigational surveys on the helical ramps. It was discovered that these ramps had maintenance applied that differed from the original construction plans and it was therefore imperative to identify the material make-up of these ramps for accurate construction plans and specifications for the repair and restoration of the Transportation Center Garage.

A copy of the original CF, City Manager’s Report and Professional Engineering Services Agreement are attached.

If you have any questions, please feel free to contact Chatan Robinson at x4207.

Description of Information Services:

Samba DriverMonitor provides continuous visibility into employees’ driving records. This is accomplished via a complex set of DMV connections and 3rd party data sources, triggering an MVR only when there is new activity to report, thereby providing actionable information to improve drivers’ performance and mitigate risks. The following MVR fees may also apply, depending upon Customer’s account activity:

- **Baseline MVR:** A baseline MVR is procured within 24 hours of a driver being added to Samba DriverMonitor. The baseline MVR provides the employer a minimum 3-year driving history, before beginning monthly monitoring. This history is critical in determining if the driver has a valid driver’s license and if there are risk factors in the driver’s recent driving history. **State/Data Fees for Baseline MVRs are billed to the Customer.** No additional MVR Service Fee is added to Baseline MVR orders.
- **Activity MVR:** Samba DriverMonitor monitors drivers at least monthly for new activity on the driver’s driving record. This is done via multiple methodologies without always procuring a full MVR. If activity is found, an official MVR will be automatically procured on behalf of the Customer. **State/Data Fees for Activity MVRs are billed to the Customer. No additional MVR Service Fee is added to Activity MVR orders.**
- **On-Demand MVR:** At any time, the Customer can manually procure an MVR for any driver. This can be done via the DRM dashboard. **State/Data Fees for On-Demand MVRs and an MVR Service Fee specified above is billed to the Customer.**
- **Scheduled Annual MVR:** Annual motor vehicle records can optionally be procured once every 12 months. The Customer can configure the schedule for annual MVR procurement by configuring its annual policy in the DriverMonitor console. Scheduled Annual MVRs are disabled by default. **State/Data Fees for Scheduled Annual MVRs and a MVR Service Fee specified above is billed to the Customer.**
- **Dynamic Baseline MVRs:** In some states where public records are leveraged as activity triggers dynamic baseline MVRs are procured automatically to ensure completeness and accuracy. A dynamic baseline MVR computes the time since the last full MVR was purchased for any reason (baseline, activity, on-demand, scheduled, etc.) and procures a new MVR when the gap exceeds 12 months. **State/Data Fees for Dynamic Baseline MVRs are billed to the Customer. No additional MVR Service Fee is added to Dynamic Baseline MVR orders.**
- **No-Hit MVR:** Some states charge a data fee even if the driver information submitted by SambaSafety on behalf of the Customer returns no results. This can happen when the Customer submits inaccurate driver information, including but not limited to license number, first and last name, or date of birth. Samba DriverMonitor enforces certain checks to validate that a license number follows the appropriate format for a given state before the request is made to the state in an effort to minimize no-hit charges. **Enrollment Fees:** Some states, such as California, charge enrollment fees when adding drivers to the state monitoring programs. These fees vary in price and are passed to the Customer as-is with no additional service fees.
- **State/Data Fees Pricing:** The latest pricing info for SambaSafety State/Data Fees are maintained online and can be found using the following URL: https://www.sambasafety.com/resources/state-data-fee-schedules/.

Term, Price and Payment:

- **Contract Term:** “Contract Term” shall mean the period for which this Agreement is operative, which commences on the Effective Date and continues through the Initial Term and, if applicable, any Extension Term(s), subject to early termination of any of the foregoing in accordance with the terms and conditions of this Agreement. Upon early termination of this Agreement, a Discontinuance Fee may apply. At the end of the Initial Term (and any Extension Term(s)), this Agreement shall automatically be extended for automatic and successive additional one-year terms (each, an “Extension Term”) unless either party gives written notice to the other not fewer than ninety days prior to the expiration of the then-current term.
- **Subscription and Service Fees:** Customer will pay SambaSafety all of the fees in accordance with this Agreement. Total remuneration for all subscription and service fees during the contract term shall not exceed Forty Thousand Dollars ($40,000.00). All payments of fees shall be made in U.S. dollars.
- **Minimum Monthly Fee:** Commencing on the Subscription Start Date and through the remainder of the Contract Term, Customer agrees to minimally pay SambaSafety an amount equal to the Minimum Number of Drivers (as set forth in the Pricing Sheet above) multiplied by the Monthly Price per Driver set forth above (“Monthly Minimum”).
- **Subscription Start Date and Customer Onboarding:** Customer agrees to provide a completed Driver Upload Template and other required State Forms (Exhibit C) to SambaSafety within 15 business days prior to the Subscription Start Date specified above. If drivers are located in California or Pennsylvania, Customer must provide SambaSafety with the Driver Upload Template and additional required State Forms within six (6) weeks prior to the Subscription Start Date.
- **Payment Terms:** Commencing on the Subscription Start Date or the actual date on which any of Customer’s drivers are uploaded into the SambaSafety System, whichever occurs first, SambaSafety will invoice Customer on a monthly basis for the greater of (a) the Monthly Minimum Fee plus all other Information Service fees applicable for the preceding month, or (b) all Subscription Fees incurred by Customer during the preceding month plus all other Information Service fees applicable for the preceding month. All invoices are due and payable by Customer within 15 days of the invoice date (Net 15 payment terms). Customer agrees to facilitate automatic payments to SambaSafety by setting up either (a) Automated Clearing House (ACH) payments, or (b) automatic monthly credit card payments. Customer shall allow SambaSafety to initiate a monthly draft for either payment method, and complete all necessary forms to facilitate such automatic payments, which shall be drawn 15 days after Invoice Date. All fees are non-refundable. Any invoices which are not paid in full on the first of the month following the invoice due date shall accrue interest at the lesser of one and one-half percent (1 1/2%) per month or the maximum amount permitted by law. If an account is suspended for...
non-payment, a $100 reinstatement fee may be added to the following invoice as a condition for account reactivation. In addition to any other rights or remedies available to SambaSafety, any failure by Customer to timely pay in full all invoices submitted by SambaSafety, entitles SambaSafety to immediately discontinue Customer’s access to the SambaSafety System and any Information Services. A twenty-five dollar ($25.00) Non-Sufficient Funds Fee will be assessed for all dishonored payments.

- **Taxes**: In addition to any fees owing, Customer must pay or reimburse SambaSafety for all sales, use, transfer, privilege, excise or other taxes and duties, whether national, state, or local, however designated, which are levied or imposed by reason of this Agreement or any services provided hereunder; excluding, however, income taxes on profits which may be levied against SambaSafety.

- **Inactive Accounts**: If following the Contract Term, Customer’s account includes amounts owing to Customer, Customer shall request a refund of the balance within 5 months of the termination or expiration of this Agreement. If such refund is not requested, SambaSafety may charge a communication maintenance fee of the lesser of $15 per month, or the maximum amount permitted by applicable law. Such communication maintenance fee, if applied, will be charged to Customer’s account on the first day of each month until the Customer’s account balance is $0.00.

- **Discontinuance Fee**: The parties have mutually agreed upon the fees for the Subscription Services to be provided hereunder based upon certain assumed volumes of processing activity, and the Contract Term. Customer acknowledges and agrees that, without the certainty of revenue promised by the commitments set forth in this Agreement, SambaSafety would have been unwilling to provide the Subscription Services at the fees set forth in this Agreement. Because of the difficulty in ascertaining SambaSafety’s actual damages for a termination or other breach of this Agreement by Customer with respect to an earlier termination or Customer’s failure to achieve the Minimum Number of Drivers throughout the entirety of the Contract Term, Customer agrees that prior to any termination taking effect and in addition to all other amounts then due and owing to SambaSafety, Customer will pay to SambaSafety (as a contract discontinuance fee and not as a penalty) an amount equal to the balance of the fees that would have been due under this Agreement had there been no termination, but in no event less than the fifty percent (50%) of the Monthly Minimum multiplied by the number of months remaining in the remaining Contract Term (“Discontinuance Fee”). Customer acknowledges and agrees that the Discontinuance Fee is a reasonable estimation of the actual damages that SambaSafety would suffer if SambaSafety were to fail to receive the amount of processing business contemplated by this Agreement. Customer shall not be required to pay the Discontinuance Fee if SambaSafety terminates this Agreement other than as a result of Customer’s breach of its obligations hereunder or if Customer terminates this Agreement for a material, uncured breach by SambaSafety of one of its material obligations under this Agreement.

**Additional Terms**

- **Additional Legal Terms**: The parties expressly incorporate by reference and intend this Agreement to include the additional legal terms and conditions attached hereto (the “Applicable Terms and Conditions”).

**Accepted by**: By executing below, Customer acknowledges and agrees to the terms and conditions set forth herein (the “Commercial Terms”) and the Applicable Terms and Conditions. Any reference to the “Agreement” shall refer to these Commercial Terms, together with the Applicable Terms and Conditions.

This Agreement shall only become effective when signed by both Customer and SambaSafety, and any fees or other terms and conditions may be withdrawn or altered at any time unless and until this Agreement is executed by both parties. If this Agreement is signed by SambaSafety, but not countersigned by the Customer within ninety days after the date of SambaSafety’s signature, this Agreement shall be deemed not to have been signed by SambaSafety and shall have no effect. The later date on which either party signs shall be deemed the “Effective Date” of this Agreement.

1. Definitions. The following terms, when capitalized, will have the meaning set forth in this section. All other capitalized terms when used shall have the meaning ascribed to them as set forth elsewhere in the Agreement.

"SambaSafety System" means the proprietary system(s) developed and operated by SambaSafety or Vigillo for facilitating requests for, and retrieval and distribution of Information Services from Data Providers with which SambaSafety maintains license arrangements, and which comprises a gateway server or servers, and other equipment, SambaSafety proprietary software, and telecommunication lines.

"Information Services Fees" means any fees for the Information Services, excluding State/Data Fees and any taxes that may be paid or owing pursuant to the Agreement.

"Personal Information" means (i) any information about an identifiable individual and (ii) information that is not specifically about an identifiable individual but, when combined with other information, may identify an individual. Personal Information includes names, email addresses, postal addresses, telephone numbers, government identification numbers, financial account numbers, payment card information, credit report information, biometric information, IP addresses, network and hardware identifiers, and geolocation information.

"User" means any person or entity who or that access the SambaSafety System (i) on behalf of Customer or clients or customers of Customer or (ii) using any password or access code of Customer or clients or customer of Customer and the employees and agents thereof.

2. License Grant; Restrictions
2.1 License Grant. Subject to the terms and conditions of the Agreement, during the Contract Term, SambaSafety hereby grants to Customer a limited, worldwide, enterprise-wide, royalty-free, non-exclusive, non-transferable license and right to access and use the SambaSafety System and any Information Services provided by SambaSafety solely for its internal business purposes. Exclusive proprietary ownership of MVRs remains with state Data Providers.

2.2 Restrictions on Use. Customer shall not, nor allow or authorize any third party to: (a) alter, enhance or otherwise modify or create derivative works of or from the SambaSafety System; (b) disassemble, decompile, reverse engineer or otherwise attempt to derive the source code of the SambaSafety System; (c) merge the SambaSafety System with other software, provided that utilizing SambaSafety's APIs in accordance with the purposes such APIs are provided shall not be deemed a merger of the SambaSafety System with other software; (d) remove or destroy any proprietary markings, confidential legends or any trademarks or trade names of SambaSafety or its licensees placed upon or contained within the SambaSafety System, its documentation or the Information Services; (e) upload, post or transmit into the SambaSafety System any unlawful, threatening, abusive, libelous, defamatory, obscene, pornographic, profane, or otherwise objectionable information of any kind, including any transmissions constituting or encouraging conduct that would constitute a criminal offense, give rise to civil liability, or otherwise violate any Applicable Law, including violations of the intellectual property rights or any other rights of a third party; or (f) post or transmit into the SambaSafety System any information, content or software which is subject to any open source or freeware license or contains a virus, cancelbot, Trojan horse, worm or other harmful component. Use, duplication or disclosure by the U.S. Government or any of its agencies is subject to restrictions set forth in the Commercial Computer Software and Commercial Computer Software Documentation clause at DFARS 227.7202 and/or the Commercial Computer Software Restricted Rights clause at FAR 52.227.19(c). Customer further acknowledges and agrees that each individual accessing the SambaSafety System may be required to agree and consent to SambaSafety's then-current online end user license terms and conditions prior to accessing or utilizing the SambaSafety System's functionality.

2.3 Public Record Indicators. Customer elects to receive traffic and court records available to the public which might indicate the need to procure a current, up-to-date MVR ("Public Record Indicators"). Due to the limited nature of Public Record Indicators, Customer acknowledges that these Public Record Indicators shall only be used as pointers of possible records or changes in an individual's status. Customer represents and warrants that (a) it will not knowingly use Public Record Indicators to deny insurance coverage or to take an adverse action against any individual, and (b) prior to
making any decisions to deny insurance coverage or take an adverse action against any individual, Customer will verify the activity on a Public Record Indicator directly with a current, up-to-date MVR.

3. Confidentiality and Treatment of Information
3.1 Personal Information. Customer acknowledges that in connection with the Agreement, it may receive Personal Information from SambaSafety and/or Data Providers. Customer agrees to treat as confidential all Personal Information received from or through SambaSafety and to use such information only as permitted under the Agreement and all Applicable Laws and to disclose Personal Information only to those authorized and who have a need to know such information to accomplish their duties in accordance with the Agreement and all Applicable Laws. Customer shall not use Personal Information for any purpose except the purpose permitted by the Agreement.
3.2 Confidential Information. "Confidential Information" means information that one party, or a party's affiliate, discloses to the other party or its affiliate(s) under this Agreement, and that is marked as confidential or a reasonable person would believe to be considered confidential information given the nature of the information and the circumstances under which such information is disclosed; provided, however, so long as such Confidential Information is not Personal Information (which must always be treated as Confidential Information), neither party shall have any obligation to maintain the confidentiality of any Confidential Information which: (a) is or becomes publicly available by other than unauthorized disclosure by the recipient; (b) is independently developed by the recipient; or (c) is received from a third party who has lawfully obtained such Confidential Information without a confidentiality restriction.
3.3 Reciprocal Obligations. Without limiting Customer's obligations with regards to Personal Information, the recipient will not disclose Confidential Information of the discloser, except to recipient's affiliates, employees, agents or professional advisors who need to know it and who have agreed in writing (or in the case of professional advisors are otherwise bound) to keep it confidential. The recipient will ensure that those people and entities to whom and which it transfers any Confidential Information of the discloser shall only use such information as permitted under the Agreement and that such individuals and entities shall keep it confidential in accordance with the Agreement. Notwithstanding the foregoing, if required by any court of competent jurisdiction or other governmental authority, the recipient may disclose to such authority, data, information or materials involving or pertaining to Confidential Information to the extent required by such order or authority, provided that the recipient shall have given reasonable notice to the discloser prior to such disclosure.

The terms and conditions of Sections 1, 2, 3, this Section 5.2, Sections 6, 7, 8, 9, and 10, and any other provision which by its nature is intended to survive, shall survive the termination or expiration of this Agreement.
6. **Limited Warranty; Disclaimer.**

6.1 **Performance and Non-Infringement.** SambaSafety warrants that it will use reasonable commercial efforts to provide the Information Services substantially in accordance with the Commercial Terms and the then-current documentation of the SambaSafety System, and to use commercially reasonable efforts to make the SambaSafety System continuously available to Customer during regular business hours and to attempt to restore availability if it is within SambaSafety's reasonable control. 6.2 **Disclaimer of Warranty Except as Set Forth Herein.** SambaSafety makes no representation or warranty of any kind about the availability, accuracy, reliability, completeness or timeliness of the SambaSafety System, any Information Services, any Data Provider's Database, or any information contained therein, or about any results to be obtained from using the SambaSafety System, any Information Services, or any Data Provider's Database. Use of any of which is at Customer's own risk. The SambaSafety System, any Information Services, any Data Provider's Database, and any information contained therein is provided on an "as is" basis, without any warranties of any kind, where permitted, public record indicators used for driving monitoring services may be supplied from database files of various private data providers. These public record indicators may produce data not contained in a motor vehicle report provided by a state agency database. Except as set forth herein, SambaSafety and its Data Providers, to the fullest extent permitted by law, disclaim any and all representations and warranties (express or implied, oral or written) with respect to the SambaSafety System, any Information Services, any Data Provider's Database, or any part thereof, including any and all implied warranties of conditions of title, non-infringement of third party rights, merchantability or fitness or suitability for any purpose (whether or not SambaSafety knows, has reason to know, has been advised, or is otherwise in fact aware of any such purpose) whether alleged to arise by law, by reason of custom or usage in the trade, by course of dealing or otherwise. 7.2 **Mitigation.** Following notice of an IP Claim or any facts that may give rise to such IP Claim, SambaSafety may, in its sole discretion and at its option: (a) procure for Customer the right to continue to use the Information Services or SambaSafety System; (b) replace the SambaSafety System with content that does not materially degrade the functionality of the Information Services; or (c) modify the SambaSafety System to make the challenged product non-infringing; provided that the modification does not impose any material costs on Customer and the modification does not materially diminish the features or functionality of the Information Services. If it is not commercially reasonable to perform any of these alternatives, SambaSafety shall have the option to terminate the Agreement without any further obligation to perform Information Services; provided, however, SambaSafety shall refund to Customer a ratable share of any fees actually paid by Customer for Subscription Services not rendered prior to the date the termination of this Agreement takes effect.

7.3 **Exclusions.** In no event will SambaSafety have any obligations under this Section 7 or any liability for any claim or action if the IP Claim is caused by, or resulting from: (a) modification, customization, translation or alteration of the SambaSafety System of the Information Services by or on behalf of Customer if such IP Claim would have been avoided without such modification, customization or alteration; (b) Customer's continued allegedly infringing activity after SambaSafety provides a non-infringing replacement in accordance with Section 7.2; or (c) Customer's use of the SambaSafety System of the Information Services in a manner prohibited by or not provided for in this Agreement.

8. **Limitation of Liability and Available Remedies.**

8.1 **Disclaimer of Remedies.** Regardless of the form of action or theory of recovery, whether in contract, tort, statutory, warranty or otherwise, in no event shall either

5.3 Exclusions to Caps and Exclusions. NOTWITHSTANDING THE FOREGOING, THE PARTIES EXPRESSLY AGREE THAT THE LIMITS AND EXCULPATIONS SET FORTH IN THIS SECTION 8 SHALL NOT APPLY TO CUSTOMER’S OBLIGATION TO PAY ANY TRANSACTION FEES OR ANY DISCONTINUANCE FEE, WHETHER COMMITTED OR RENDERED, OR ANY BREACH RELATING TO, OR INFRINGEMENT OF; SAMBASAFETY’S OR ITS LICENSEES’ INTELLECTUAL PROPERTY OR CONFIDENTIAL INFORMATION, OR ANY OBLIGATION BY A PARTY TO INDEMNIFY AND DEFEND CLAIMS AS SET FORTH IN THIS AGREEMENT.

Customer agrees to only use the information obtained as set forth in any applicable state-mandated forms, or that they will obtain approval from applicable state agencies prior to the release of any individual’s name and address. The failure to return such documentation will result in Customer being blocked from receiving the information related to the documentation, and may result in all Information Services being suspended or terminated.

Customer represents, warrants, covenants and certifies that it shall order, receive, disseminate and otherwise use the Information Services in compliance with all applicable federal, state and local statutes, rules, codes and regulations, including the Fair Credit Reporting Act ("FCRA"), the Driver's Privacy Protection Act, 18 U.S.C. § 2721 et seq. Such reasonable procedures shall include, but are not limited to, user name and password access policies, firewalls, background investigations of employees or any other individuals authorized to access Information Services; (b) physically secure and tightly control all Customer information technology assets that store, house or process Information Services in order to prevent unauthorized access; (c) employ adequate measures to ensure that unauthorized users cannot successfully attack Customer information technology assets in a manner that allows the SambaSafety System or the Information Services to be compromised; (d) periodically scan Customer information technology hosts and networks that hold or process Information Services for known vulnerabilities to search for exploits; (e) have a formal process in place to install vendor-recommended security patches in a timely manner for all information technology assets, hosts and networks that process Information Services or connect with the SambaSafety System; (f) provide periodic, but minimally annual, security training to employees on best security practices and the practices of the Customer; (g) ensure that each User or Customer employee or other individuals who will have access from Customer to Information Services execute an SambaSafety User Statement of Confidentiality in a form directed by SambaSafety from time-to-time; (h) have a reasonable computer incident policy and procedure program in place.

9.5 Use of the Internet. Customer and any of its Users will not disseminate any unsecured or unencrypted Information Services over the Internet. Internet dissemination includes e-mail, World Wide Web access, FTP and all other mechanisms where data is transmitted across the Internet. This shall not prohibit Customer from transmitting such information over a secure network using current security technologies to Users with a legitimate need to receive the
information, provided that such actions comply with Applicable Laws as well as any other state and federal statutes and regulations governing the confidentiality, security and transmission of the Information Services.

9.6 Account Information. 9.7 Audits. Beginning on the Effective Date of the Agreement, Customer must maintain all records related to its ordering and using Information Services, for a period of five (5) years from the date each Information Services report is ordered. The information retained pursuant to this section must include without limitation the: request date, requested individual, requestor, and permissible purpose for each Information Services report, a signed release from the prospective or current employee each time a request is made for employment purposes, and any other information sufficient to verify that the ordering and use of the Information Services complies with the terms of the Agreement and Applicable Laws. Upon receipt of written SambaSafety audit requests, Customer agrees to respond with all documentation as requested within the time period specified in the audit notice or request for information. Access privileges to the Information Services may be suspended upon failure to comply with such requests.

Customer will promptly (but in any event within 72 hours of any inadvertent or unauthorized release) notify SambaSafety of any inadvertent or unauthorized release of any Information Service or other security breach of Personal Information contained in any Information Service. To the extent required by Applicable Law, Customer agrees to notify all affected consumers in writing that their Personal Information has been potentially compromised in the event of the Customer’s or its Users’, inadvertent or unauthorized release, misuse, or other security breach of Personal Information contained in the Information Services supplied to Customer. Customer shall retain documentation of such notification and provide it to SambaSafety and any governmental representatives immediately upon request.

9.9 Archiving. Customer and any of its Users shall not use Information Services supplied by or through SambaSafety, or data derived from them, including any MVR data, to directly or indirectly compile, store, or maintain the Information Services or derivative data to develop its own source or database of such services or data. Customer agrees that use of Information Services is restricted to use, one time, for the permissible purpose referenced in the Permissible Purpose Disclosure completed by the Customer. Customer shall accurately complete the Account Information Sheet upon request of SambaSafety and prior to accessing the Information Services.

9.11 No Solicitations. Customer shall not, and shall not permit others to, use any Information Services for any solicitations, direct mail advertising, or any other mailings or communications.

9.12 Use of Information Services. Customer will not disclose, distribute, resell and/or transfer any Information Services to any third party, nor provide any Information Services directly to individuals who are the subjects of Information Services, or to the general public except as required by the Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq., or permit any third party direct access to the SambaSafety System except as expressly permitted by the Agreement.

9.13 Failure to Comply. Failure of Customer to fully comply with the requirements of all of this Section 9 shall be a material breach of the Agreement and shall permit SambaSafety to immediately terminate the Agreement and the delivery of any Information Services to Customer without notice or delay.

9.14 Other Restrictions. SambaSafety shall have the right to amend upon written notice any term or condition of the Agreement, including as necessary or recommended to comply with any statute, rule, regulation, interpretation or contract, or in the event any modification or termination of any license for Information Services with any Data Provider, as determined by SambaSafety in its reasonable discretion. In the event of such notification from SambaSafety, (a) Customer may elect to terminate the Agreement by providing written notice of such termination to SambaSafety; provided, however, if Customer requests, uses or accepts any Information Services after such notification or fails to promptly provide notice of termination pursuant to this section, then such terms and conditions shall take effect and become a part of the Agreement as specified in SambaSafety’s notice to Customer.

10.1 Notice. All notices and demands pursuant to the Agreement must be in writing. Notices to Customer shall be effective upon receipt thereof and may be delivered via the SambaSafety System, an email address of one of the Customer’s designated SambaSafety administrator(s) or any email or mailing address specified on the Commercial...
Terms. Notice to SambaSafety shall be provided by a reputable overnight courier with required signed receipt, or via certified mail of the U.S. postal system, and shall be deemed effective solely upon receipt if delivered to, SambaSafety, 8814 Horizon Blvd., Suite 100, Albuquerque, NM 87113, ATTN: Compliance Officer.

10.2 Intellectual Property Rights. Notwithstanding anything in the Agreement to the contrary, the SambaSafety System and its documentation and all intellectual property rights therein are proprietary to SambaSafety and its third party suppliers or licensors, and SambaSafety and its third party suppliers and licensors as applicable retain ownership of all rights whatsoever in the SambaSafety System and all intellectual property rights therein.

10.3 Electronic Signature. If Customer elects to obtain a signed release, authorization or consent in the form of an electronic signature, the electronic signature shall meet the standards defined under ESIGN and UETA. SambaSafety shall have the right to audit and request any documentation regarding the Customer’s compliance with the requirements regulating electronic signatures. Furthermore, upon written notice SambaSafety may require Customer to cease using electronic signatures for a particular Data Provider. Customer shall assume full responsibility for obtaining signatures in electronic format and shall hold harmless SambaSafety from any damages, losses or claims related to the validity of an electronic signature.

10.4 Entire Agreement; Modification; Counterparts. The Agreement, including the Commercial Terms, constitutes the entire agreement and understanding between the parties concerning its subject matter, and supersedes all and any prior and contemporaneous written and oral agreements, understandings, proposals, promises and representations of the parties concerning its subject matter and its terms, provided, however, nothing herein shall effect or terminate ongoing rights from non-disclosure agreements entered into by the parties prior to the Effective Date, provided, further, any new Confidential Information exchanged between the parties shall be governed by the confidentiality obligations set forth herein. Except as otherwise provided herein regarding SambaSafety’s rights to modify or amend this Agreement, the Agreement may not be modified or amended except in writing signed by duly authorized representatives of SambaSafety and Customer.

10.5 Independent Contractor. SambaSafety and Customer are independent contractors with respect to all activities under the Agreement, and nothing in the Agreement may be construed to create any employment, joint venture, agency, partnership or other relationship other than independent contractors. Neither SambaSafety nor Customer, or any of their respective employees, consultants, contractors or agents has any authority to bind the other party. Each party is responsible for its own costs and expenses in executing, implementing and performing under the Agreement, unless otherwise explicitly stated, in the Agreement. Contractor understands and agrees that he, and any persons retained or hired to perform the duties and responsibilities under this Agreement, are not “public employees” for the purpose of participation in the Ohio Public Employees Retirement System.

10.6 Non-Exclusivity. Nothing in the Agreement is intended to, or may be construed to prevent SambaSafety from entering into similar agreements with other persons or entities to provide Information Services or other services through the SambaSafety System or otherwise, even if such persons or entities are or may become competitors of Customer.

10.7 Assignment. The Agreement may not be assigned, in whole or in part, by either party without the prior written consent of the other party, except that SambaSafety may (a) subcontract any of its obligations under the Agreement, and (b) assign the Agreement; and Customer hereby consents to any successor entity in any merger or corporate reorganization, or to the purchaser of all or substantially all of the assets related to the SambaSafety System. Any attempted assignment in violation of the foregoing will be void. Subject to the foregoing, the Agreement shall be binding upon, and shall inure to the benefit of, the parties and their respective representatives, successors and assigns.

10.8 Invalid Provision. If any part of the Agreement, for any reason, is declared by a court of competent jurisdiction to be invalid or unenforceable, then: (a) the validity and enforceability of all provisions of the Agreement not ruled to be invalid or unenforceable, will be unaffected; (b) the effect of the ruling will be limited to the jurisdiction of the court making the ruling; (c) the provision(s) held wholly or partly invalid or unenforceable will be deemed amended, and the court is authorized to reform the provision(s) to the minimum extent necessary to render them valid and enforceable in conformity with the parties’ intent as manifested herein; and (d) if the ruling, or the controlling principal of law or equity leading to the ruling, is subsequently overruled, modified, or amended by legislative, judicial, or administrative action, then the provision(s) in question as originally set forth in the Agreement will be deemed valid and enforceable to the maximum extent permitted by the new controlling principal of law or equity.

10.9 No Waiver. The failure of SambaSafety at any time to require performance of any provision of the Agreement, in no way affects the right of SambaSafety to require performance of that provision at any time. Any waiver by either party of any breach of any provision of the Agreement is not a waiver of any continuing or succeeding breach of that provision, a waiver of the provision itself, or a waiver of any right under the Agreement.

10.10 Force Majeure. Except for Customer’s payment obligations, neither party shall be liable for any failure or delay in performance directly or indirectly caused by any act or omissions beyond its reasonable control.

10.11 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Ohio, without giving effect to the principles thereof relating to conflicts or choice of laws.

10.12 Injunctive Relief. The parties agree that any violation or breach of the Agreement by Customer may cause SambaSafety irreparable harm. Accordingly, in addition to any other remedies available at law or equity, SambaSafety shall be entitled to seek an injunction or other decree of specific performance with respect to any violation or explicit threat thereof in any court of competent jurisdiction, without any bond or other security being required and without the necessity of demonstrating actual damages.
10.13  **Construction; Counterparts.** The captions and headings contained herein are for purposes of convenience only and are not a part of the Agreement; all references to the Agreement and the words "herein," "hereof," "hereto" and "hereunder" and other words of similar import refer to the Agreement as a whole and not to any particular section, or other subdivision unless expressly specified otherwise; and the words "including," "included" and "includes" mean inclusion without limitation. In the event of any ambiguities in the language hereof, there shall be no inference drawn in favor of or against either party. The parties agree that they have been represented by legal counsel during the negotiation and execution of this Agreement and, therefore, waive the application of any law, regulation, holding or rule of construction providing that ambiguities in the Agreement shall be construed against the party drafting any language herein.

10.14  **Signatures; Counterparts.** The Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same Agreement. A document signed and transmitted by .pdf or electronic copy shall have the same binding effect as an original signature.

10.15  **Political Contributions.** Contractor affirms and certifies that it complies with Ohio Revised Code § 3517.13 limiting political contributions.

GEORGIA ADDENDUM

GEORGIA DEPARTMENT OF DRIVER SERVICES BULK MVR CUSTOMER CERTIFICATE

Customer certifies that for each driving record requested, the information contained therein shall be used solely for one of the following approved purposes: insurance claims investigation, insurance antifraud activities, insurance underwriting, car rental agreements, address verification by a creditor, or as part of a background investigation on an employee or applicant for employment.

In the event that an adverse decision is based upon any information supplied to the Customer by the Department of Driver Services (DDS), then upon request of the driver named in the driving record, the Customer or the producing insurance agent, if applicable, shall inform the driver named in the record of all information pertinent to the decision. This provision is to be construed as requiring the Customer to include specific information included in the driver’s record.

All information is requested only for the Customer’s exclusive use. The Customer shall not share, sell or otherwise disseminate any information included in the motor vehicle report to any other person or company, except as provided in O.C.G.A. §40-5-2, 18 U.S.C.§2721, et seq., Ga. Admin. Comp. Ch. 375-3-8-.03, any other applicable provision of law, or as provided herein.

Any violation of the rules, laws or agreements applicable to the access provided herein to the Customer shall be considered sufficient grounds for the DDS to refuse to release any additional information on any other driver that the Customer may request. This administrative action by the DDS shall not be deemed to supersede any other sanctions prescribed by law, including, but not limited to, any applicable civil or criminal penalties.

The DDS has the right to inspect and copy all records, files, reports, or any other materials deemed necessary to verify that the Customer has abided by all terms of the certificate unless such access is prohibited by law.

The burden of showing compliance with the provisions of this certificate is at all times on the Customer. Upon reasonable notice by the DDS, the Customer must be able to demonstrate such compliance.

Customers obtaining driving records for any of the aforementioned insurance purposes must have an application for insurance or renewal thereof in order to obtain driving records. Customers obtaining driving records for employment or pre-employment background investigations must obtain the written consent of each licensee whose driving record is requested.

A.1 Service Definition

Vertex will provide the Company with access to the following Services; thereby allowing the Company to manage their Document print/mail and Electronic Bill Presentment and Payment activities.

A.1.1 Document Composition, Print and Mail Services

Document Composition Services

The document composition services to be enabled for the Company are:

- Data receipt & routing - Receipt of your CIS extract billing data in a structured file format from your existing CIS system via Internet FTP communication vehicle using PGP encryption software, for data parsing extraction and composition applications.
- Data extraction & parsing - Data extraction and parsing tools split, parse and route the identified data fields into a relational database for further processing and eventual document composition.
- Document Composition - The initial design and configuration of the electronic document templates for the monthly utility bills and reminder notice applications. The monthly utility bills and reminder notices would require approximately 3 templates to support the applications in question. These templates are then linked to data elements processed in the extraction and parsing routines.
- Business rules application - Sophisticated rules-based logic captures and automates all pre-defined business rules and manual operations associated with traditional document printing and insertion processes.
- Postal processing - The postal processing software facilitates address correction/verification (ACE/CASS Certified) editing/reports and the mail stream database is coded (appended with zip + 4 data) and package codes are appended to indicate weight class. These codes are then passed to the pre-sort process to be sorted and qualified for the proper rate categories. The presort software produces all of the necessary documentation (CASS Certificate) needed for mail presentation to the USPS BMEU (Business Mailing Entry Unit).
- Personalization/Data Management –Composition software that applies personalized messaging applications through the use of barcodes for selective insertion (offline). Advanced data mapping and data management applications enable targeted messaging within the document (online/float text boxes). Bar-codes are also assigned to each document at this stage to support our intelligent insertion equipment, selective insertion applications, amalgamation/commingling of documents and our quality control processes.
- Print File Construction - Data elements and the associated document templates are composed and assembled into electronic documents and rendered into a print file for routing and on-demand production printing. Vertex will utilize a primary production facility and a disaster recovery facility, as required.

- Selective and global insertion - Through the use of barcodes and our database management software, inserts are selectively or globally sourced from a series of insert stations (6 insert stations of which 1 is reserved for the BRE) and added to the document package for insertion into the mailing envelope.
- Postal sorting & mail finishing - Processed mail packages are applied with the appropriate postage based on the job account profile information. The sequence of the mail packages is pre-determined from the Postal Processing step. Mail packages are grouped, containerized and labelled according to postal processing regulations.

MY COMMISSION EXPIRES

JANUARY 20, 2022
AFIRMATIVE ACTION PROGRAM
EQUAL EMPLOYMENT OPPORTUNITY

PROJECT: Salem Ave - Phase III Water Main Improvements

NAME

During the performance of this contract:

L.J. Welch Co., Inc. 3616 South Conneaut Street

CONTRACTOR

ADDRESS

being the general contractor, assumes the responsibility and obligation to institute an Affirmative Action Program which complies with revised City Ordinances 24059 and 26090 and Executive Order 11246 on any city, federal or federally-assisted construction project, to insure Equal Employment Opportunity regardless of race, color, religion, sex, national origin, ancestry, place of birth, age, or marital status.

The successful contractor using one or more trades of construction employees must comply with Part I of these Affirmative Actions Program conditions to each such trade.

Part I: Requirements. To be eligible for award of a contract under this Invitation to Bid, contractors must certify as prescribed in Paragraph 1a, of the certification specified in Part II hereof that it adopts the minimum goals and timetables of minority and female worker utilization, and specific Affirmative Action steps set forth in Sections 1 and 2 of this Part I.

1.) Goals & Timetables. The goals of minority and female worker utilization required of the contractor are applicable to each trade which will be used on any project in Greene, Miami, Montgomery, and Preble Counties, OH (hereinafter the Economic Area).

The required goals and timetables are as follows:

| Goals of Minority Worker Utilization Expressed in Percentage Terms | 11.5% |
| From 1/1/2000 to Present |
| Goals of Female Worker Utilization Expressed in Percentage Terms | 6.9% |
| From 4/1/80 to Present |
The percentage goals of minority and female worker utilization are expressed in terms of working hours of training and employment as a proportion of the total working hours to be worked by the contractor's entire work force in that trade on all projects (both federal and non-federal) in the Economic Area during the performance of this contract. The working hours for minority and female work and training must be uniform throughout the length of this contract, on all projects and for each of the trades. Further, the transfer of minority and/or female or trainee from employer-to-employer or from project-to-project for the sole purpose of meeting the contractor's goals shall be a violation of this Affirmative Action Program.

In reaching the goals for minority and female utilization, every effort shall be made to find and employ qualified journey-persons. Provided, however, and pursuant to the requirements of the Department of Labor Regulations, 29 CFR 5a.3, twenty-five percent (25%) of apprentices or trainees shall be employed on all projects and shall be in their first year of training, where feasible.

In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the contractor during the training period, and the contractor must have made a commitment to employ the apprentices and/or trainees at the completion of the training subject to the availability of employment opportunities. Apprentices and trainees must be trained pursuant to programs which have been approved by The U.S. Department of Labor and/or The State of Ohio.

A contractor shall be deemed to be in compliance with the terms and requirements of this Part I by the employment and training of minorities and females in the appropriate percentage of the contractor's aggregate work force in the Economic Area for each trade for which it is committed to the goals under Part I.

However, no contractor shall be found to be in noncompliance solely on account of the contractor's failure to meet the goals and timetables, but such contractor shall be given the opportunity to demonstrate that all of the specific Affirmative Action steps specified in Part I have been instituted and has made every "good faith" effort to make these steps work towards the attainment of the goals and timetables.

2.) **Specific Affirmative Action Steps.** A contractor subject to Part I, must engage in Affirmative Action directed at increasing minority and female utilization, which is at least as extensive and as specific as the following steps:

a) The contractor shall notify community organizations that the contractor has employment opportunities available and shall maintain records of the organizations' responses.

b) The contractor shall maintain a file of the names and addresses of each minority and female referred and what action was taken with respect to each referred worker. If the worker was not employed, the reason therefor. If the worker was not sent to the union hiring hall for referral, the contractor's file shall document this and the reasons therefor.
c) The contractor shall promptly notify the Dayton Human Relations Council (HRC) when the union or unions with which the contractor has a collective bargaining agreement has not referred to the contractor a minority and/or female, or when the contractor has other information that the union referral process has impeded the contractor's efforts to meet its obligations.

d) The contractor should participate in training programs in the area; especially those approved by the U.S. Department of Labor and/or the State of Ohio.

e) The contractor shall disseminate the EEO Policy within the organization by including it in any policy manual, by publicizing it in company newspapers, annual reports, etc.; by conducting staff, employee and union representatives' meetings to explain and discuss the policy; by posting of the policy; and by specific review of the policy with minority and female employees.

f) The contractor shall ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites and in all facilities at which the contractor's employees are assigned to work. The contractor, where possible, will assign two or more women to all projects (both federal and non-federal) in the Economic Area during the performance of its contract or subcontract.

g) The contractor shall make specific and constant personal (both written and oral) recruitment efforts directed at all minority and female organizations, schools, minority and female recruitment training organizations with the Dayton Economic Area.

h) The contractor shall make specific efforts to encourage present minority and female employees to recruit other minorities and females.

i) The contractor shall validate all tests and other selection requirements.

j) The contractor should develop on-the-job training opportunities; participate and assist in any association or employer-group training programs relevant to the contractor's employees needs consistent with its obligations under Part I.

k) The contractor shall evaluate all minority and female personnel for promotional opportunities and encourage employees to seek such opportunities.

l) The contractor shall ensure that seniority practices, job classifications, etc., do not have a discriminatory effect.

m) The contractor shall make certain that all facilities and company activities are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

n) The contractor will monitor all personnel activities to ensure that its EEO Policy is being carried out.
o) The successful contractor shall solicit bids for work to be performed on this project under a subcontract from minority and female contractors and other business associations.

3.) Nothing herein is intended to relieve any contractor during the term of this project from compliance with any other local bid requirements. Further, it shall be the responsibility of each contractor to comply with all terms, conditions, and provisions of the Affirmative Action Programs.

Part II: Contractor's Certification. A contractor will not be eligible for award of a contract under this Invitation to Bid, unless such contractor has submitted as a part of the bid the following certification, which will be deemed a part of the resulting contract:

CONTRACTOR'S CERTIFICATION

[Signature]

(certifies that:

1. The following listed construction trades will be used in performance of this project.

   - [Trade 1]
   - [Trade 2]
   - [Trade 3]

   a) as to those trades set forth in the preceding paragraph one hereof, it adopts the minimum minority and female utilization goals and the specific Affirmative Action steps contained in this Affirmative Action Program. Compliance is measured in each trade of the contractor's aggregate work force for all construction work (both federal and non-federal) in the four Counties (Greene, Miami, Montgomery and Preble) subject to this Affirmative Action Program; and

   b) the successful contractor will obtain from each subcontractor and submit to the contracting or administering agency prior to the award of any subcontract under this contract, the subcontractor certification required by the Affirmative Action Program.

PEP PARTICIPATION COMMITMENT AND/OR WAIVER REQUEST FORM

Instructions for Bidders/Proposers: Submit one (1) executed copy of this form with your Bid/Proposal.

- If Option 1 is selected, you must also submit one (1) executed PEP-Certified SBE/MBE/WBE/DLSB Participation Form for each PEP-Certified Firm whose participation you plan to count toward the project/contract’s participation goal(s).

- If Option 2 (WAIVER REQUEST) is selected, you must also submit documentation of your Good Faith Efforts to the City of Dayton Human Relations Council (HRC) within two (2) business days of the Bid Opening / Proposal Due Date. Bidders/Proposers will receive no further reminders about this deadline.

The undersigned affirms that the Bidder/Proposer has satisfied the requirements of the Bid/RFP Specification in the following manner: (Check the box for Option 1 and/or Option 2, complete the appropriate spaces, and sign below.)

Option 1. The Bidder/Proposer has secured enough commitment(s) from one or more PEP-Certified Firms to meet or exceed the project’s PEP participation goal(s). The Bidder/Proposer is committed to a minimum of:

<table>
<thead>
<tr>
<th>% SBE</th>
<th>20</th>
<th>% MBE</th>
<th>% WBE</th>
<th>% DLSB</th>
</tr>
</thead>
</table>

participation on this contract, as detailed on the executed PEP-Certified SBE/MBE/WBE/DLSB Participation Form(s) submitted with this Bid/Proposal.

Option 2 (WAIVER REQUEST). The Bidder/Proposer is unable to meet the project’s PEP participation goal(s) and requests that the following goal(s) be waived: (Check all that apply.)

☐ SBE  ☐ MBE  ☐ WBE  ☐ DLSB

The Bidder/Proposer’s documentation of Good Faith Efforts to meet the participation goal(s) checked above must be submitted to the HRC within two (2) business days of the Bid Opening / Proposal Due Date. The Bidder/Proposer will receive no further reminders about this deadline.

A waiver will be granted based on a Bidder/Proposer’s documented Good Faith Efforts, and only when the HRC determines that the Bidder/Proposer has completed all of the following activities:

1. Solicited the interest of all PEP-Certified Firms having the capability to perform the work of the contract. The Bidder/Proposer must solicit this interest at least ten (10) business days before the Bid Opening / Proposal Due Date in order to allow the PEP-Certified Firm sufficient time to respond to the solicitation. Electronic communication will not be deemed as sufficient Good Faith Efforts, if it is the sole method of communication used.

2. Divided contract work items into economically feasible units to facilitate PEP participation, even when the Bidder/Proposer might otherwise prefer to perform these work items with its own forces.

3. Negotiated in good faith with PEP-Certified Firms, and considered the firms’ prices and capabilities as well as the contract goals. Rejected PEP-Certified Firms as being unqualified only for reasons based on a diligent investigation of their capabilities. The Bidder/Proposer’s standing within its industry; membership in specific groups, organizations, or associations; and political or social affiliations (for example, union vs. non-union employee status) are not legitimate causes to reject or not solicit bids from particular PEP-Certified Firms.

4. Provided interested PEP-Certified Firms with plans and specifications at no cost, or directed them to the Greater Dayton Minority Business Assistance Center (Dayton MBAC) for information about the project’s plans, specifications, and requirements at least ten (10) business days prior to the Bid Opening / Proposal Due Date in order to assist them in responding to a solicitation.

5. Sought the Dayton MBAC’s assistance or used the services of community organizations; contractors’ groups; local, state or federal business assistance offices; or similar organizations to find PEP-Certified Firms. Contacting the HRC for a list of certified companies will not be deemed as sufficient Good Faith Efforts.

NOTE: In determining whether a Bidder/Proposer has made Good Faith Efforts, the HRC may take into account the performance of other Bidders/Proposers in meeting the goal(s). For example, when the apparent low bidder fails to meet a participation goal but others meet it, the HRC may reasonably raise the question of whether, with additional reasonable efforts, the apparent low bidder could have met the goal.

*Awarded

Revised 9/14/98
ODOT received a DBE Utilization Plan from the apparent low bidder (ALB) & Certified DBE showing a bid amount of and an acceptable DBE Utilization Plan.

The DBE Plan for the subject project is acceptable as follows: **R.B. Jergens Contractors $2,193,817.73 x 8% = $175,505.42**

The DBE Goal will be met with participation from:

Crystal Brook performing SWPPP weekly and monthly inspections in the amount of $9,900.00
Security Fence Group performing electrical work in the amount of $344,419.72

Please remember that the DBE Goal is a percentage of the overall contract. If the project increases or decreases the dollar amount of the DBE Goal may change accordingly. Please let the district CCO and myself know if you should have any changes to the DBE Plan for the subject project.

As far as DBE goal is concerned you may now proceed with contract signing. Within 30 days of the prime contract execution (or before the date the DBE sub needs to start work – whichever comes first) the prime needs to have executed sub agreements/purchase orders for all DBEs submitted to the District CCO- (included in this email) for review and acceptance.

being the general contractor, assumes the responsibility and obligation to institute an Affirmative Action Program which complies with revised City Ordinances 24059 and 26090 and Executive Order 11246 on any city, federal or federally-assisted construction project, to insure Equal Employment Opportunity regardless of race, color, religion, sex, national origin, ancestry, place of birth, age, or marital status.

The successful contractor using one or more trades of construction employees must comply with Part I of these Affirmative Actions Program conditions to each such trade.

Part I: Requirements. To be eligible for award of a contract under this Invitation to Bid, contractors must certify as prescribed in Paragraph 1a, of the certification specified in Part II hereof that it adopts the minimum goals and timetables of minority and female worker utilization, and specific Affirmative Action steps set forth in Sections 1 and 2 of this Part I.

1.) Goals & Timetables. The goals of minority and female worker utilization required of the contractor are applicable to each trade which will be used on any project in Greene, Miami, Montgomery, and Preble Counties, OH (hereinafter the Economic Area).

The required goals and timetables are as follows:

Goals of Minority Worker Utilization Expressed in Percentage Terms
From 1/1/2000 to Present 11.5%

Goals of Female Worker Utilization Expressed in Percentage Terms
From 4/1/80 to Present 6.9%
The percentage goals of minority and female worker utilization are expressed in terms of working hours of training and employment as a proportion of the total working hours to be worked by the contractor's entire work force in that trade on all projects (both federal and non-federal) in the Economic Area during the performance of this contract. The working hours for minority and female work and training must be uniform throughout the length of this contract, on all projects and for each of the trades. Further, the transfer of minority and/or female or trainee from employer-to-employer or from project-to-project for the sole purpose of meeting the contractor's goals shall be a violation of this Affirmative Action Program.

In reaching the goals for minority and female utilization, every effort shall be made to find and employ qualified journey-persons. Provided, however, and pursuant to the requirements of the Department of Labor Regulations, 29 CFR 5a.3, twenty-five percent (25%) of apprentices or trainees shall be employed on all projects and shall be in their first year of training, where feasible.

In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the contractor during the training period, and the contractor must have made a commitment to employ the apprentices and/or trainees at the completion of the training subject to the availability of employment opportunities. Apprentices and trainees must be trained pursuant to programs which have been approved by The U.S. Department of Labor and/or The State of Ohio.

A contractor shall be deemed to be in compliance with the terms and requirements of this Part I by the employment and training of minorities and females in the appropriate percentage of the contractor's aggregate work force in the Economic Area for each trade for which it is committed to the goals under Part I.

However, no contractor shall be found to be in noncompliance solely on account of the contractor's failure to meet the goals and timetables, but such contractor shall be given the opportunity to demonstrate that all of the specific Affirmative Action steps specified in Part I have been instituted and has made every "good faith" effort to make these steps work towards the attainment of the goals and timetables.

2.) **Specific Affirmative Action Steps.** A contractor subject to Part I, must engage in Affirmative Action directed at increasing minority and female utilization, which is at least as extensive and as specific as the following steps:

b) The contractor shall maintain a file of the names and addresses of each minority and female referred and what action was taken with respect to each referred worker. If the worker was not employed, the reason therefor. If the worker was not sent to the union hiring hall for referral, the contractor's file shall document this and the reasons therefore.

c) The contractor shall promptly notify the Dayton Human Relations Council (HRC) when the union or unions with which the contractor has a collective bargaining agreement has not referred to the contractor a minority and/or female, or when the contractor has other information that the union referral process has impeded the contractor's efforts to meet its obligations.

d) The contractor should participate in training programs in the area; especially those approved by the U.S. Department of Labor and/or the State of Ohio.
e) The contractor shall disseminate the EEO Policy within the organization by including it in any policy manual, by publicizing it in company newspapers, annual reports, etc.; by conducting staff, employee and union representatives' meetings to explain and discuss the policy; by posting of the policy; and by specific review of the policy with minority and female employees.

f) The contractor shall ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites and in all facilities at which the contractor's employees are assigned to work. The contractor, where possible, will assign two or more women to all projects (both federal and non-federal) in the Economic Area during the performance of its contract or subcontract.

g) The contractor shall make specific and constant personal (both written and oral) recruitment efforts directed at all minority and female organizations, schools, minority and female recruitment training organizations with the Dayton Economic Area.

m) The contractor shall make certain that all facilities and company activities are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

n) The contractor will monitor all personnel activities to ensure that its EEO Policy is being carried out.

o) The successful contractor shall solicit bids for work to be performed on this project under a subcontract from minority and female contractors and other business associations.

3.) Nothing herein is intended to relieve any contractor during the term of this project from compliance with any other local bid requirements. Further, it shall be the responsibility of each contractor to comply with all terms, conditions, and provisions of the Affirmative Action Programs.
Part II: Contractor's Certification. A contractor will not be eligible for award of a contract under this Invitation to Bid, unless such contractor has submitted as a part of the bid the following certification, which will be deemed a part of the resulting contract:

CONTRACTOR'S CERTIFICATION

R.B. Jergens Contractors, Inc. (Contractor) certifies that:

1. The following listed construction trades will be used in performance of this project.

   Operators

   Laborers

   
   
   
   
   

   a) as to those trades set forth in the preceding paragraph one hereof, it adopts the minimum minority and female utilization goals and the specific Affirmative Action steps contained in this Affirmative Action Program. Compliance is measured in each trade of the contractor's aggregate work force for all construction work (both federal and non-federal) in the four Counties (Greene, Miami, Montgomery and Preble) subject to this Affirmative Action Program; and

   b) the successful contractor will obtain from each subcontractor and submit to the contracting or administering agency prior to the award of any subcontract under this contract, the subcontractor certification required by the Affirmative Action Program.

GROUND SERVICE
EQUIPMENT FACILITY LEASE

(Delta Air Lines, Inc.)

This GROUND SERVICE EQUIPMENT FACILITY LEASE, (this "Lease"), is made and entered into this _____ day of ____________, 20__, (“Effective Date”) between the City of Dayton, Ohio ("Lessor"), a municipal corporation in and of the State of Ohio, and Delta Air Lines, Inc. ("Lessee"), a Delaware corporation authorized to conduct business in the State of Ohio.

WITNESSETH THAT:

WHEREAS, Lessor is the owner and operator of the improved real property, known and referred to as the James M. Cox Dayton International Airport (the "Airport"), situated in the City of Dayton, Counties of Montgomery and Miami, State of Ohio; and,

WHEREAS, Lessee is engaged in the business of scheduled commercial transportation by air of persons, property, mail, and/or cargo provided for under the Airport Operating and Terminal Building Occupancy Permit (the “Permit”); and,

WHEREAS, Lessee desires to lease the ground service equipment facility to support its airline transportation business; and,

WHEREAS, Lessor deems it advantageous to itself and the operation of the Airport to lease said premises and facilities and all improvements thereon to Lessee under the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the mutual promises, covenants, and agreement herein contained by and between the parties hereto, it is agreed as follows:

ARTICLE I – DESCRIPTION OF LEASED PROPERTY

A. Lessor leases to Lessee the ground service equipment facility located at the Airport and having the address of 3701 Cargo Road, which facility is situated on 34,000 square feet of ground space (“Ground Space”) and containing a building having approximately 1,800 square feet of office and warehouse space (“Building”, and, the Building and the Ground Space collectively referred to as the “Premises”). The exact location of the Premises at the Airport is depicted in Exhibit A, which is attached hereto and incorporated herein.
B. Lessee will have the right to operate and use all appurtenances, equipment, and fixtures located and/or situated upon or otherwise serving the Premises.

C. Lessee represents and warrants that it has inspected the Premises and all appurtenances, equipment, and fixtures therein and, subject to Lessor’s obligations and express representations and warranties herein, accepts same on an “as-is” basis. Except as may be expressly set forth herein, Lessor makes no representation or warranty as to such appurtenances, equipment, and/or fixtures, their fitness for a particular or merchantability or condition. Subject to Lessor’s obligations herein, Lessee is responsible for use, operation, replacement, repair, and maintenance of all appurtenances, equipment, or fixtures.

ARTICLE II – USE OF PREMISES

A. Lessee shall have the exclusive use of the Premises to operate an aeronautical ground service equipment maintenance facility in support of its airline transportation business at the Airport and other uses ancillary thereto (“Permitted Uses”). Nothing contained in this Lease shall be construed as allowing Lessee to operate scheduled or non-scheduled commercial air transportation services which are not specifically authorized under the Permit or its successor. No other use of the Premises shall be permitted unless Lessor’s Director of Aviation approves such alternative use(s) in writing.

B. Lessee shall not, at any time, cause the Premises to become vacant for more than ninety (90) days without the prior written consent of Lessor, unless such vacancy is the result of force majeure, fire, or other damage or other such event beyond the reasonable control of Lessee. Additionally, failure to actively use the Premises for ninety (90) days as the result of (1) a work stoppage by Lessee’s employees, or (2) the repair or restoration or making of alterations, additions, and changes to the Premises, will not constitute a default or breach of this Lease.

C. Lessee shall not do or authorize anything to be done on or about the Premises which will in any way conflict with any applicable and legally enforceable law, ordinance, rule, or regulation issued by any competent governmental authority; or, allow the Premises to be used for any improper, immoral, or unlawful purpose.

D. With the prior written approval of Lessor (not to be unreasonably withheld, conditioned, or delayed), Lessee may make any necessary minor alterations to the Premises required for its operations.

E. Lessee shall, upon termination of this Lease, remove all its personal property and trade fixtures and repair any damage or injury to the Premises resulting from such removal and deliver the Premises, all personality owned by Lessor and located at the Premises (“Personalty”), and the fuel tank (if any) located on the Premises to Lessor in substantially
the same condition as existed as of the date hereof, normal wear and tear and damage from casualty and condemnation, excepted.

ARTICLE III – FEDERAL REQUIREMENTS

Lessee shall comply with the following provisions:

A. Lessor reserves the right to further develop or improve the landing area of the Airport as it sees fit, regardless of the desires or view of the Lessee (but subject to its rights herein and in the Permit) and without interference or hindrance, provided that no such development shall render the Premises unusable to Lessee for its Permitted Uses, reduce the number of parking spaces available to Lessee or adversely affect access to the Premises. (For purposes of this Lease, “Landing Area” means those portions of the Airport providing for the landing, taking off and taxiing of aircraft, including without limitation, approach and turning zones, avigation or other easements, runways, taxiways, runway and taxiway lights, and other appurtenances in connection therewith).

B. Lessor shall maintain and keep in repair the Landing Area of the Airport and all publicly-owned facilities of the Airport, and shall have the right to direct and control all activities of the Lessee in this regard.

C. The Lease shall be subordinate to the provisions of and requirements of any existing or future agreements between Lessor and the United States, relative to the development, operation, or maintenance of the Airport.

D. Lessee agrees to comply with the applicable notification and review requirements covered in 14 CFR Part 77 (FAA Form 7460-1) in the event any future structure or building is planned for the Premises, or in the event of any planned modification or alteration of any present or future building or structure situated on the Premises.

E. Lessor reserves unto itself, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Premises herein leased. This public right of flight shall include the right to cause in said airspace any noise inherent in the operation of any aircraft used for navigation or flight through the said airspace or landing at, taking off from, or operation on the Airport.

F. Lessee expressly agrees for itself, its successors and assigns that it will not construct, nor permit to stand, on said Premises any building, structure, poles, trees, or other object, whether natural or otherwise, of a height in excess of applicable 14 CFR Part 77 standards and requirements regarding obstructions in navigable airspace.
G. Lessor reserves unto itself, its successors and assigns, for the use and benefit of the public, a right of entry onto the real property herein leased to cut, remove, or lower any building, structure, poles, trees, or other object, whether natural or otherwise, of a height in excess of applicable 14 CFR Part 77 standards and requirements regarding obstructions in navigable airspace. This public right shall include the right to mark or light as obstructions to air navigation, any and all buildings, structures, poles, trees, or other object that may at any time project or extend above said surfaces.

H. Lessee expressly agrees for itself, its successors and assigns, to not hereafter use, nor permit, nor suffer use of the Premises in such a manner as to create electrical interference with radio communication between the installation upon the Airport and aircraft or as to make it difficult for fliers to distinguish between airport lights and others, or as to impair visibility in the vicinity of the Airport, or as otherwise to endanger the landing, taking off, or maneuvering of aircraft.

I. Lessee expressly agrees for itself, its successors and assigns, to not hereafter use, nor permit, nor suffer the use of the Premises in such a manner as to create a potential for attracting birds and other wildlife which may pose a hazard to aircraft.

**ARTICLE IV - RIGHTS AND OBLIGATIONS OF LESSEE**

A. Lessee shall have no right to conduct the carriage of passengers or cargo by air under this Lease. Any such right to use the airfield may only be granted through a separate written instrument between Lessor and Lessee.

B. Except as otherwise provided in Article VIII, Lessee shall at its expense, provide for the maintenance of the Premises, which maintenance activities include, but are not limited to:

1. Complete custodial and janitorial service;
2. Minor and routine interior and exterior maintenance and repairs, including, but not limited to all doors, including personnel and overhead doors, and minor plumbing and electrical repairs;
3. Minor and routine maintenance, testing and service of the fire suppression system in accordance with applicable codes;
4. Minor and routine maintenance, test and service of the fire alarm system serving the facility to the lease line; and
5. Snow and ice removal from the entrance area to the Premises and the sidewalk leading to and extending along the Lessee’s designated parking spaces and general snow removal in the vehicular parking and entrances drive.

C. Lessee previously installed, owns and has continuously operated the existing aboveground oil (used ground equipment oil only) storage and containment system (“Oil Facility”), which is located on the Premises and consists of a 55-gallon drum with secondary
containment. Lessor shall maintain the Oil Facility in operational condition at its sole expense and pay or reimburse Lessor for all applicable licenses, inspections, fines, insurance, and other fees and charges that may be incurred by or levied upon Lessor due to Lessee’s activities or omissions related to the Oil Facility. In addition, Lessee or Lessor, as applicable, shall fully comply with all applicable current and future requirements of all regulatory agencies having jurisdiction over the Oil Facility, including, but not limited to, the Ohio Department of Commerce, Division of State Fire Marshall, EPA, OEPA, and the Fire Department of the City of Dayton, Ohio, or their respective successors and designees. In the event of a conflict between regulatory agencies, the decision of the Lessor’s Director of Aviation will be final. Lessee further agrees to register the Oil Facility, as may be required, with any regulatory agency having jurisdiction. If, at any time during the Lessee’s occupancy of the Premises, there is a spill or release of Hazardous Materials from the Oil Facility, Lessee shall immediately notify the Lessor and take all necessary steps to repair the Oil Facility and clean the impacted area in accordance with all applicable federal, state, or local laws, rules, and regulations. In the event the Oil Facility must be removed, Lessee shall be responsible for the cost of the removal and resolution of any environmental issues caused by or relating to the Oil Facility to the extent required by applicable environmental law. This subsection shall survive the termination and/or expiration of this Lease.

D. Lessee shall obtain from all authorities having jurisdiction over the business and operations of Lessee on the Premises, including, but not limited to the Federal Aviation Administration (“FAA”), Transportation Security Administration (“TSA”), U. S. Environmental Protection Agency (“EPA”), Ohio Environmental Protection Agency (“OEPA”), and state and local building and fire protection agencies, all licenses, certificates, permits or other authorizations which may be lawfully required for the conduct of its business and operations upon the Premises or necessary to comply with any requirements of this Lease or in the exercise of any right or obligation granted herein. Lessee, however, shall not be deemed to have waived any right to exhaust administrative and/or judicial remedies, which may be available to Lessee regarding any dispute or contest related to any authorizations required.

E. The storage, handling and disposal of all Hazardous Materials, as defined by federal, state and local laws, shall be in compliance with all applicable licenses, permits, certificates or other authorizations obtained by Lessee or Lessor and in compliance with all applicable federal, state and local laws governing the storage, handling and disposal of same.

F. Lessee shall repair or pay for any and all damages to Lessor and its property caused by any wrongful or negligent act or omission of Lessee, its agents, employees and/or contractors arising out of the use or occupancy of the Premises or in the exercise of any right or obligation granted herein.
G. Lessee shall, at its expense, provide and use suitable covered receptacles for the storing of all trash, garbage and other refuse created in the conduct of its business or operations upon the Premises or arising from Lessee's exercise of any right or obligation under this Lease. Lessee shall, at its expense, provide for the complete, proper and routine removal and disposal away from the Airport of all refuse generated from the activities on the Premises. Piling of boxes, cartons, barrels or other similar items in an unsightly or unsafe manner on or about the Premises is forbidden.

H. Lessee, its agents, employees, patrons, guests, invitees and suppliers of service or furnishers of materials shall have the unrestricted right of ingress to and egress from the Premises and shall have the right in common with others to use the public roadways serving the Airport.

I. Lessee shall have all utility accounts, exclusive of water and sewer utility services, that serve the Premises placed in Lessee's name and shall pay, while this Lease is effective, all utility charges (i.e. telephone, natural gas and electric) directly to the utility companies or municipalities providing such utility services or as otherwise required by the utility service provider. Lessee agrees to notify Lessor promptly upon termination of any utility account; and Lessor may, at its option, after ten (10) days prior written notice to Lessee, place such terminated utility account in its name. In the event Lessor, willingly or otherwise, assumes the responsibilities for providing natural gas or electric services to Lessee during the term of this Lease, Lessee shall pay to Lessor the actual cost incurred by Lessor in providing the utility service to the Lessee. If Lessor bills Lessee for any involuntary assumption of utilities, Lessor may include a five percent (5%) administrative charge.

J. All water and sewer services for the Premises shall be sub-metered by Lessor during the term of this Lease. The rates and charges for the sub-metered water and sewer services for the Premises are included on Lessor's master meter billing for the entire Airport. Accordingly, Lessor shall bill Lessee directly for its sub-metered water and sewer service for the Premises, which Lessee agrees to pay within thirty (30) days of Lessee's receipt of invoice.

K. Lessee shall not erect, allow or permit to be maintained on the Premises, or upon the exterior of any improvement on the Premises, any billboards or advertising signs, except those which have the prior written approval of Lessor. Notwithstanding, Lessee may maintain on the exterior of the Premises its name or trade name, in neatly arranged electric, neon or other type sign or signs; the size and type of sign or signs subject to Lessor's prior reasonable approval.

L. Lessee may make minor alterations and changes to the Premises and improvements constructed thereon as Lessee may, at any time during the term hereof; find necessary or convenient for its purpose, including, but not limited to, relocating or adding outlets and light switches. Any additions, alterations, demolition or changes to the Premises and improvements of a material, substantial or structural nature, shall not be permitted under
this Lease without Lessor’s prior written consent, not to be unreasonably withheld, conditioned, or delayed, and which in Lessor’s reasonable opinion would not require a separate construction agreement.

M. In addition to all rents and fees, Lessee shall, at its expense, pay all taxes and assessments of whatsoever nature that are now and may be levied or imposed on any tangible personal property situated or placed thereon, provided, however, that real property taxes and assessments shall be prorated so as to require Lessee to pay such taxes and assessments only for the period of Lessee’s tenancy. Lessee understands that the property taxes and assessments are assessed on the entire Airport parcel, of which the Premises are a portion thereof. The calculation of real property taxes for the Premises shall be based on the then current Montgomery County Auditor’s Industrial Report (“Report”) for Parcel R727-174-13-0001 (or the Report’s successor), in which the Premises have been identified as land and improvements numbered 49 (or such other successor number or manner of identifying the land and building in said Report). Lessee shall have the right to protest or contest by legal proceeding, or in such other manner as it may deem suitable, the validity or amount of any such tax or assessment under this provision. Lessee shall notify Lessor of any such protest or contest and Lessor shall fully cooperate with such protest or contest. Lessor shall bill and Lessee shall pay the invoiced amount to Lessor within thirty (30) days after receipt of invoice unless such amount is not due and owing from Lessor to the taxing authority pending resolution of a protest or contest by Lessee.

N. As applicable or required by Lessor, Lessee shall, at its expense, arrange for and ensure that its employees, agents, contractors and subcontractors having access to the Premises are properly identified with the Airport's access media issued by Lessor and that said access media is prominently displayed at all times while such persons are in the Airport's Security Identification Display Area (“SIDA”) and Airport Operations Area (“AOA”), as these terms are defined under Title 49 U.S. Code of Federal Regulations, Part 1542, as may be amended or revised, and/or the City’s approved Airport security program. Lessee shall comply with and cause all persons seeking said access media to comply with all Lessor’s requirements for the issuance of the Airport access media. Further, Lessee shall waive any claim against Lessor resulting from refusal to issue or revocation of said access media, pursuant to applicable laws, rules, regulations, policies and procedures.

O. Upon termination of this Agreement, Lessee, at its expense, shall retain a competent firm to complete “Environmental Site Assessments” in accordance with the standards, rules, regulations, and procedures of the American Society for Testing and Materials (“ASTM”) or such equivalent standards. In the event the results of the assessments indicate a recognized environmental condition as defined by ASTM E 1527-05 or latest standard that is caused by Lessee and in violation of applicable environmental laws, Lessee agrees to address and, as applicable remediate, such environmental condition attributable to Lessee’s activities and operations on or about the Premises in accordance with all applicable federal, state, and local
environmental laws, rules regulations, orders, and procedures. This Subsection O shall survive termination of this Lease.

ARTICLE V - TITLE TO IMPROVEMENTS

A. Lessor owns the real property and all improvements to the Premises, including the Oil Tank and all Personalty. Title to any additional improvements made to and upon the Premises, excluding trade fixtures, shall vest in Lessor at such time as this Lease is terminated.

B. Lessee’s obligation to deliver the Premises and improvements in accordance with Article V, Section A above shall survive the termination of this Lease.

ARTICLE VI - TERM

A. This Lease shall be effective for a period of five (5) years commencing on the Effective Date (“Initial Term”), unless terminated earlier in accordance with the provisions of this Lease. Either party may terminate the Lease, without cause, with thirty (30) days’ advance, written notice.

B. This Lease may be renewed for two (2) additional five (5) year periods, exercisable by Lessee giving 90 days’ advance, written notice to the Lessor (each a “Renewal Term”).

ARTICLE VII – RENTALS

A. Lessee shall pay to Lessor the following annual rentals for the Premises:

1. An Annual Ground Rental for the Ground Space, as follows:

   i. For the Initial Term beginning on the Effective Date for a five (5) year period, the sum of Eight Thousand One Hundred Sixty Dollars ($8,160.00) per year, which is based upon the rate of Twenty-Four Cents ($0.24) per square foot per year on the 34,000 square feet of ground space.

   ii. For any subsequent Renewal Term(s), the Annual Ground Rental shall increase by a negotiated rate at fair market value that is mutually agreed upon by Lessor and Lessee. This negotiated increase shall be no less than three percent (3%). If Lessor and Lessee cannot agree on such a rate, Lessee may rescind its option to extend this Lease.

2. An Annual Building Rental for the Building, as follows:

   i. For the Initial Term beginning on the Effective Date for a five (5) year period, the sum of Ten Thousand Eight Hundred Dollars ($10,800.00) per year,
which is based upon the rate of Six Dollars ($6.00) per square foot per year on the 1,800 square feet of building space.

ii. For any subsequent Renewal Term(s), the Annual Building Rental shall increase by a negotiated rate at fair market value that is mutually agreed upon by Lessor and Lessee. This negotiated increase shall be no less than three percent (3%). If Lessor and Lessee cannot agree on such a rate, Lessee may rescind its option to extend this Lease.

B. Without waiving any other right or action available to Lessor in the event of default in payment of any undisputed rentals, fees or charges due to the Lessor hereunder, if Lessee is delinquent for a period of thirty (30) days or more in paying to Lessor any rental due and owing to Lessor pursuant to this Lease, Lessee shall pay to Lessor a late charge thereon calculated at the rate of two percent (2%) per month from the date such item was due and owing until full payment including late charges have been paid. Such late charges shall not occur with respect to disputed items being contested in good faith by Lessee.

C. The annual rent due under this Lease shall be paid in equal monthly installments, which shall be due on the first day of each month and without notice to Lessee, to the following address:

   City of Dayton, Ohio
   P. O. Box 632094
   Cincinnati, OH 45263-2094

or at such other place as Lessor shall, in writing, direct.

ARTICLE VIII - RIGHTS AND OBLIGATIONS OF LESSOR

A. Lessor shall have the right to adopt and enforce reasonable rules and regulations, with respect to the use of the Airport and facilities thereon, which Lessee agrees to observe and obey provided that (a) Lessor enforces such rules and regulations in a non-discriminatory manner, and (b) such rules and regulations do not materially increase Lessee’s obligations, or decrease Lessee’s rights, hereunder. In the event of any conflict between this Lease and such rules and regulations, this Lease shall govern and control.

B. Lessor shall have the full and unrestricted right, at any and all times during normal business hours upon reasonable notice to Lessee, to access and enter the Premises for the purpose of inspecting the Premises and doing any and all things which the Lessor is obligated or authorized to do as set forth herein, or which may be deemed necessary for the proper general conduct and operation of the Airport and in the exercise of the Lessor’s police power, provided that Lessor shall use commercially reasonable efforts not to unreasonably
interfere with Lessee’s operations. This provision shall in no way limit or restrict Lessor’s right to enter upon the Premises in the event of an emergency. Reasonable notice, as used in this subsection, shall in no event be interpreted to require more than twenty-four (24) hour advance notification.

C. Lessor warrants quiet enjoyment of the rights and privileges granted herein, during the term hereof, upon the performance of Lessee's covenants contained herein and subject to Section B of this Article VIII.

D. Nothing contained herein shall prohibit Lessor from granting easements, utility or otherwise, as long as said easements would not unreasonably interfere with Lessee's use or utility of the Premises for the purposes stated herein.

E. Except as provided for in Article IV, Lessor will provide general snow removal on the adjacent roads to the Premises in accordance with its snow operations schedule. Lessor shall be responsible for replacement and repairs to the exterior paved surfaces and the exterior of the building (including painting) and for the structural, roof, and mechanical systems of the Premises as well as plumbing and electrical repairs, HVAC system repairs, replacement of fixtures, roof maintenance and/or repair and all other repairs to the Premises that are not minor and routine. In addition, Lessor shall maintain the storm drainage structures and storm lines, the oil/water separator in storm and sanitary sewer lines, and all utility lines serving the Premises. Lessor shall be responsible for mowing, planting, and maintenance of grass areas and landscaping on the Premises. Structural components, as used herein, shall not include overhead, dock, entrance or interior doors. It is understood and agreed that Lessor shall have no obligation to modify the Premises for Lessee’s use, needs or convenience during the term hereof.

F. If Lessee fails to provide and maintain proper trash removal or other required maintenance, Lessor shall have the right, but not the obligation, to provide or perform said services and to bill Lessee for the actual cost to provide said services, plus a five percent (5%) administrative fee, which Lessee agrees to pay within thirty (30) days after demand therefor.

G. Lessor shall, at its expense, operate and maintain the water, sanitary sewer and storm sewer system serving the Airport and to the lease line of the Premises. Lessor will be responsible for the mowing and landscape maintenance of all grounds and will provide general police and fire protection for the Premises as it does for other areas of the Airport.

ARTICLE IX - NON-DISCRIMINATION

A. Lessee, for itself, its personal representatives, successors in interest and assigns, as a part of the consideration hereof, does hereby covenant and agree as a covenant running with the land that, in the event facilities are constructed, maintained or otherwise operated on the
Premises described in this Lease for a purpose for which a U.S. Department of Transportation program or activity is extended or for another purpose involving the provisions of similar services or benefits, Lessee shall maintain and operate such facilities and services in compliance with all applicable requirements imposed pursuant to 49 CFR Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation, and as said regulations may be amended, superseded or modified.

B. Lessee, for itself, its personal representatives, successors in interest and assigns, as a part of the consideration hereof, does hereby covenant and agree as a covenant running with the land that: (1) no person on the grounds of race, color or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination in the use of said facilities, (2) in the construction of any improvements on, over or under such land and the furnishing of services thereon, no person on the grounds of race, color or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) Lessee shall use the Premises in compliance with all other applicable requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-Discrimination in Federally Assisted Programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964 and as said regulations as may be amended, superseded or modified.

C. In the event of breach of any of the above non-discrimination covenants, Lessor shall have the right to terminate this Lease and to re-enter and repossess the Premises and facilities thereon and hold the same as if said Lease had never been made or issued. Notwithstanding the foregoing, it is specifically agreed that nothing in this Article shall prevent Lessee from exhausting all administrative and/or judicial remedies available to Lessee in resisting or defending against any claims or claim of breach or default or noncompliance hereunder.

**ARTICLE X – INDEMNIFICATION**

A. Lessee shall defend, indemnify, save and hold harmless Lessor, its elected officials, officers, agents and employees, from and against any and all claims and actions, and all expenses incidental to the investigation and defense thereof, based upon or arising out of any wrongful or negligent act or omission of Lessee, its agents, contractors and employees occurring during the Term of this Lease.

It is agreed that, to the extent permitted by law, no agreement or covenant by Lessee under this Article X (A) shall include liability or damages for injury to persons or damage to property caused by or resulting from the acts, errors or omissions of Lessor, its elected officials, agents, contractors or employees.
B. Lessee shall defend, indemnify, save and hold harmless Lessor, its elected officials, officers, agents and employees, from and against any mechanics or other lien or order for the payment of money filed against the Premises, Lessor or any property of Lessor, arising out of any act or omission of Lessee, its tenants or subtenants or anyone claiming through or under Lessee. Lessee shall, at Lessee's expense, cause the same to be terminated or discharged of record and shall save and hold harmless Lessor from and against any and all costs, expenses, claims, losses or damages including reasonable counsel fees resulting therefrom or by reason thereof.

C. Lessor shall not be liable to Lessee or to Lessee's subtenants, agents, representatives, contractors or employees, for any injury to, or death of, any of them or of any other person or for any damage to any of Lessee's property or loss of revenue, caused by any third person in the maintenance, construction, or operation of facilities at the Airport, or caused by any third person using the Airport, or caused by any third person navigating any aircraft on or over the Airport. Lessor shall not be liable to Lessee for damage to property of Lessee or any loss of revenues to Lessee unless resulting from Lessor's acts or omissions in the maintenance and operation of the Airport or failure to operate the Airport.

D. Except as provided in Article X (A) above, the obligations of Lessee under this Article X shall survive the termination date of this Lease and shall not be affected in any way by the amount of or the absence in any case of covering insurance, or by the failure or refusal of any insurance carrier to perform any obligation on its part under insurance policies affecting the Premises or any part thereof.

E. The Lessor's elected officials, officers, agents and employees, shall, to the extent permitted by law, have absolutely no personal liability with respect to any provision of this Lease or any obligation or liability arising from this Lease or in connection with this Lease or the Premises in the event of a breach or default by Lessor of any of its obligations. Lessee's officers, agents and employees, shall, to the extent permitted by law, have absolutely no personal liability with respect to any provision of this Lease or any obligation or liability arising from this Lease or in connection with this Lease or the Premises in the event of a breach or default by Lessee of any of its obligations.

F. Notwithstanding any other provision of this Lease to the contrary, and to the extent permitted by law, Lessee waives any and every claim for recovery from the Lessor for any and all loss or damage to the Premises or to the contents thereof, which loss or damage is covered by valid and collectable physical damage insurance policies maintained by Lessee or which would have been recoverable if the insurance required hereunder had been maintained by Lessee, to the extent that such loss or damage is recoverable, or would have been recoverable, as applicable, under said insurance policies. As this waiver will preclude the assignment of any such claim by subrogation (or otherwise) to an insurance company (or any other person), Lessee agrees to give each insurance company which has issued, or in
the future may issue, its policies of physical damage insurance, written notice of the terms of this waiver, and to have said insurance policies properly endorsed, if necessary, to prevent the invalidation of insurance coverage by reason of said waiver. Lessee shall require any subtenant to include similar waivers of subrogation in favor of the Lessor.

G. In the event Lessee, its agents, contractors or employees, violate any security measure at the Airport in connection with its operations hereunder, including, but not limited to, any Federal Aviation Administration or Transportation Security Administration security laws rules, regulations, orders and directives, Lessee shall assume full and complete responsibility for such violations, including payment of any penalty imposed, and shall defend, indemnify and hold the Lessor, its elected officials, officers, agents and employees harmless therefrom.

ARTICLE XI - INSURANCE

A. Lessee, at its sole cost and expense, shall procure and maintain, or cause to be maintained, at all times during the term of this Lease, the following insurance, with insurance companies authorized to do business in the State of Ohio and having at least an “A-” rating from A. M. Best (or an equivalent S&P financial strength rating or international rating) and covering all operations under this Lease, whether performed by Lessee or by its contractors:

1. Aviation Liability Insurance (Primary and Umbrella):

   Aviation Liability Insurance with limits of not less than One Million Dollars ($1,000,000) per occurrence combined single limit, for bodily injury and property damage liability. Coverage extensions shall include the following: All Premises and operations, products/completed operations, explosion, collapse, underground, independent contractors, broad form property damage, separation of insured and contractual liability (with no limitation endorsement). The Lessor, its elected officials, officers, agents, volunteers, and employees shall be named as additional insureds, on a primary, non-contributory basis for any liability arising directly or indirectly from this Lease.

B. Original certificates of insurance evidencing the required coverage to be in force on the effective date of this Lease as set forth herein, and all renewal certificates of such insurance, shall be provided to Lessor. The receipt of any certificate does not constitute agreement by the Lessor that the insurance requirements in the Lease have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements of this Lease. The failure of the Lessor to obtain certificates or other insurance evidence from Lessee or its contractors shall not be deemed to be a waiver by the Lessor. Lessee or its contractors shall advise all insurers of these Lease provisions regarding insurance. Non-conforming insurance shall not relieve Lessee or its contractors
of their obligation to provide insurance as specified herein. Nonfulfillment of the insurance conditions may constitute a violation of this Lease, and the Lessor retains the right to terminate this Lease as provided in Article XVI until proper evidence of insurance is provided. All policies of insurance, excluding the insurance required of Lessee’s contractors, shall provide for a minimum of thirty (30) days prior written notice to be given to the Lessor in the event coverage is substantially changed, canceled, or non-renewed.

C. If Lessee fails to obtain or maintain any of the insurance policies under this Lease or to pay any premium in whole or in part when due, Lessor may (without waiving or releasing any obligation or default by Lessee hereunder) obtain and maintain such insurance policies and/or take any action which Lessor deems appropriate. In such instances, reasonable attorneys’ fees, court costs, and expenses shall be reimbursed by the Lessee upon demand by Lessor.

D. Lessee shall require all contractors to carry the insurance required herein, or Lessee or its contractors may provide the coverage for any or all contractors, and, if so, the evidence of insurance submitted shall so stipulate. Any and all deductibles or self-insured retentions on referenced insurance coverages shall be borne by Lessee or its contractors. Lessee shall require its insurer, and request its contractors require their insurer, waive their rights of subrogation against the Lessor, its employees, elected officials, agents, or representatives. Lessee expressly understands and agrees that any coverages and limits furnished by Lessee or its contractors shall in no way limit the Lessee or its contractors’ liabilities and responsibilities specified within this Lease or by law. Lessee expressly understands and agrees that any insurance or self-insurance programs maintained by the Lessor shall not contribute with insurance provided by the Lessee or its contractors under this Lease. If Lessee or its contractors desire additional coverage, higher limits of liability, or other modifications for its own protection, then Lessee or its contractors shall each be responsible for the acquisition and cost of such additional protection.

E. The insurance required hereunder shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity herein given as a matter of law.

F. The insurance required by this Lease, at the option of Lessee or contractors, may be effected by blanket or umbrella policies issued to Lessee or contractors covering the Premises and other properties owned or leased by Lessee or contractors, provided that the policies otherwise comply with the provisions of this Lease and allocate to the Premises the specified coverage, without possibility of reduction or coinsurance by reason of, or damage to, any other premises covered therein.

G. Lessee shall maintain, at all times during the term hereof, Workers’ Compensation for its employees employed or providing service(s) upon the Premises in such amounts as prescribed under Ohio law.
ARTICLE XII - DAMAGE AND DESTRUCTION

A. If the Premises are damaged, in whole or in part, by fire or casualty, Lessee shall repair the damage to the improvements as soon as reasonably possible at Lessee’s expense or, upon mutual agreement, shall take such other actions as is mutually agreed between Lessor and Lessee. Lessee may use insurance proceeds from insurance it carried to pay for the work as it progresses, and the Lessor shall permit any such proceeds to be made available.

B. During any period which Lessee is unable to use all or a substantial portion of the Premises due to damage or destruction of the Premises and which significantly impacts Lessee’s operations and use of the Premises, then the rent payable for the Premises shall be abated or appropriately adjusted for the period during which such damage renders the Premises unusable or operations are so curtailed or terminated. However, if Lessor reasonably determines that such damage resulting in inability to use all or a substantial portion of the Premises is caused by the negligence or willful misconduct of Lessee, its employees, agents and/or contractors, Lessee shall not be entitled to an abatement of rents as provided herein. Except for such abatement of rents due, as applicable, Lessee shall have no claim against the Lessor for any damage suffered by reason of any such damage, destruction, repair or restoration, except if and to the extent the same was caused by the negligence or willful misconduct of Lessor, its employees, agents and/or contractors. Lessee shall have the right to terminate this Lease if it determines that a substantial portion of the Premises are damaged.

ARTICLE XIII - ASSIGNMENT AND SUBLETTING

The leasehold estate and rights granted herein are the personal property of Lessee. Lessee shall not be permitted to sell, assign, transfer, sublet or underlet the same, or any portion thereof, except to its parent corporation or any subsidiary or affiliate thereof or any successor corporate entity resulting from acquisition or merger, without consent of the Lessor. Any assignment in violation hereof shall be void.

ARTICLE XIV - SUCCESSORS AND ASSIGNS BOUND BY COVENANTS

All covenants, stipulations and agreements in this Lease shall extend to and bind the legal representatives, successors and assigns of the respective parties hereto.

ARTICLE XV – TERMINATION BY LESSEE

A. In addition to all other remedies available to the Lessee under this Lease or at law, Lessee may terminate this Lease if Lessor defaults in the performance of any material covenant or agreement required to be performed by it herein, and the failure of Lessor to remedy such
default, or to take prompt action to remedy such default, within a period of thirty (30) days after receipt from Lessee of written notice to remedy the same. If by reason of the nature of such default the same cannot be remedied within said thirty (30) days, then Lessee may terminate this Lease only if the Lessor shall have failed to commence the remedying of such default within the thirty (30) day period following such written demand, or having so commenced, fails thereafter to continue with diligence the remedying thereof.

B. Lessee shall exercise its rights of termination by giving written notice to Lessor at any time after the lapse of the applicable periods of time and this Lease shall terminate as of that time. Rental and other payments due hereunder shall be payable (and prorated, as applicable) to the date of termination.

C. Lessee may terminate this Lease without cause, upon giving Lessor thirty (30) days’ prior written notice of termination.

ARTICLE XVI - TERMINATION BY LESSOR

A. In addition to all other remedies available to Lessor hereunder or at law, Lessor may terminate this Lease should any one or more of the following events occur:

1. If a receiver for Lessee's assets is appointed by a court of competent jurisdiction; or if Lessee shall be divested of its rights, powers and privileges under this Lease by operation of law;

2. If Lessee fails to make any undisputed payments required of it hereunder at the times and in the amounts as required of it under this Lease and said default is not cured by tendering the full amounts due and owing within thirty (30) days after Lessor notifies Lessee in writing of the default in payment(s);

3. If Lessee shall fail to perform, keep and observe all of the covenants and conditions contained in this Lease to be performed, kept and observed by it (excluding non-payment of the rents, charges and fees), and said failure is not cured, or action taken to correct such failure, within thirty (30) days after Lessor notifies Lessee in writing of said failure; or if by reason of the nature of such default, the same cannot be remedied within said thirty (30) days, then Lessor shall have the right to terminate this Lease, if the Lessee shall have failed to commence the remedying of such default within said thirty (30) days following such written demand, or having so commenced, shall fail thereafter to continue with diligence the remedying thereof; or

4. Violations by Lessee, its agents or employees of applicable laws, ordinances, codes, rules and regulations issued by any competent governmental authority, or revocations of permits or licenses required in the performance of this Lease, if the
same shall not be corrected or action taken to correct, within thirty (30) days after Lessee's receipt of written notice, which shall state in detail the violation.

B. Lessor may terminate this Lease without cause, upon giving Lessee thirty (30) days’ prior written notice of termination.

ARTICLE XVII – HOLDING OVER

In the event that Lessee holds over and remains in possession of the Premises and rights granted herein after termination of this Lease and without any written renewal thereof, such holding over shall not be deemed to operate as a renewal or extension of this Lease but shall only create a month-to-month tenancy, which may be terminated at any time by Lessor or Lessee. Lessor will provide Lessee with sixty (60) days’ advance written notice of any increase in the rental amount due during such holdover tenancy period in excess of 1/12th the rental amount for the immediately preceding 12-month period.

ARTICLE XVIII - INVALID PROVISIONS

Emergency Solutions Grant Subrecipient Agreement - Homefull

The Department of Planning and Community Development requests approval to enter into an Agreement with Homefull for the Preventing Homelessness by Aligning Systems Effectively (PHASE) Program. The Agreement provides $29,250.00 in FY2019 Emergency Solution Grant (ESG) funds to the project that will run March 1, 2020, through January 31, 2021.

The City of Dayton has been awarded 2019 ESG funding from the U.S. Department of Housing & Urban Development (HUD) to provide homelessness prevention, diversion, and rapid re-housing services. These funds are provided to achieve the goals of reducing the number of individuals and families that become homeless through homelessness diversion and prevention programs and reducing the length of time that they experience homelessness through rapid re-housing programs.

The City of Dayton participates in the Dayton-Montgomery County Continuum of Care process in which applications were accepted to address the need for providing prevention services through a collective impact model in the community. The PHASE program was chosen through this process and will implement a high functioning crisis response collective impact project to prevent homelessness by focusing on effective targeting in school-based prevention and in eviction prevention (including legal assistance) for high-risk households living in subsidized, public housing.

This Agreement shall commence upon execution and terminate on January 31, 2021.

This Agreement has been reviewed by the Law Department as to form and correctness.

A Certificate of Funds and a copy of the Agreement are attached.

EMERGENCY SOLUTIONS GRANT PROGRAM
SUBRECIPIENT AGREEMENT
HOMEFULL – PREVENTING HOMELESSNESS BY ALIGNING
SYSTEMS EFFECTIVELY (PHASE) PROGRAM
CFDA 14.231

THIS SUBRECIPIENT AGREEMENT ("Agreement") is entered into this day ____ of
_____, 2020, between the CITY OF DAYTON, OHIO (hereinafter referred to as
"City") and HOMEFULL, INC., a not-for-profit corporation organized under the laws of the State
of Ohio, (hereinafter referred to as "Subrecipient").

WITNESSETH THAT:

WHEREAS, The United States Department of Housing and Urban Development ("HUD")
awarded the City grant funding under the "Emergency Solutions Grant Program," as authorized
by the Stewart B. McKinney Homeless Assistance Act, including Subpart B of Title IV of the Act;
and,

WHEREAS, The Subrecipient operates and manages a non-profit organization that
serves individuals that may be at risk for homelessness and will provide prevention financial
assistance and case management services ("Program"); and,

WHEREAS, The Program qualifies for the receipt of funding under the Emergency
Solutions Grant Program, and that providing a portion of the City's grant award from HUD to the
Subrecipient for its Program is consistent with the objectives of the Emergency Solutions Grant
Program.

NOW, THEREFORE, In consideration of the mutual promises and covenants hereinafter
set forth, the parties hereto mutually agree as follows:

I. GRANT OF FUNDS

The City grants the Subrecipient a portion of its 2019 Emergency Solutions Grant
Program award from HUD in an amount not to exceed TWENTY-NINE THOUSAND
TWO-HUNDRED FIFTY DOLLARS AND ZERO CENTS ($29,250.00) for the costs of
managing and operating the Program.

II. SCOPE OF SERVICES

A. Program

The Subrecipient shall, in a manner satisfactory to the City, manage and operate the
PHASE Program, as described in Exhibit A, which is attached hereto and
incorporated herein. The Subrecipient shall be solely responsible for all aspects of
operating the Program, and shall use the funds provided hereunder for those costs
listed in Exhibit A under the heading "Use of Funds."
B. Special Requirements

1. The Subrecipient agrees to provide matching funds equal to the amount of grant funding to be provided by the City hereunder. Calculation of the matching funds shall be determined according to the HUD regulations set forth in 24 Code of Federal Regulations ("CFR") Part 576 et seq., and particularly, Section 576.201.

2. Any building for which Emergency Solutions Grant Program funds are used must be maintained as a shelter for the homeless for the period prescribed by the HUD regulations set forth in 24 CFR Part 576.

3. Any Emergency Solutions Grant Program funds used for building renovation, conversion, or major rehabilitation must meet the local government standard of being in a safe and sanitary condition.

4. Individuals at risk of homelessness must be given assistance in obtaining appropriate supportive services, including permanent housing, medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living and obtaining other federal, state, local, and private assistance that may be available for such individuals.

5. To the maximum extent practicable, homeless individuals and families must be involved in the construction, renovation, maintenance, and operation of facilities assisted under the Emergency Solutions Grant Program, and in providing services for occupants of these facilities.

6. The Subrecipient must comply with applicable federal laws concerning non-discrimination and equal opportunity accessibility, lead-based paint, flood insurance, drug and alcohol free facility and use of debarred, suspended, or ineligible subrecipients. (See 24 CFR Part 576.)

C. Monitoring and Evaluation

1. Subrecipient agrees that the City and HUD, or its agents shall monitor, evaluate and may provide guidance and direction to Subrecipient in the conduct of the work and activities to be performed under the terms of this Agreement.

2. The City will monitor the performance of the Subrecipient against goals and performance standards as set forth in Exhibit C. Substandard performance as determined by the City will constitute non-compliance with this Agreement. If action to correct such substandard performance is not taken by the Subrecipient within a reasonable period of time after being notified by the City, Agreement suspension or termination procedures may be initiated.

III. TIME OF PERFORMANCE

This Agreement shall be effective upon approval by the City Commission and shall terminate on January 31, 2021. The services and work to be performed by the Subrecipient shall commence March 1, 2020, through January 31, 2021, at which time all work must be satisfactorily completed in compliance with this Agreement.

IV. BUDGET AND PAYMENT PROCEDURES
A. Budget

Exhibit B, which is attached hereto and incorporated herein, shall serve as the official line item budget for the Program to be funded under this Agreement. In order to provide sufficient flexibility in the operation of the Program, the Subrecipient may amend the budget by transfer of funds between budget line items, so long as no line item is changed by more than 10% of that amount presently set out for that particular line item and such change would not violate 2 CFR Subpart D and E. A transfer of funds greater than 10% in any one line item shall not be effective until copies of the proposed amended budget are presented to and approved by the City's Director of Planning and Community Development.

B. Payment Procedures

The City shall reimburse to the Subrecipient funds available under this Agreement based upon information submitted by the Subrecipient and consistent with any approved budget and city policy concerning payments. With the exception of certain advances, payments will be made for eligible expenses actually incurred by the Subrecipient, and not to exceed actual cash requirements. In addition, the City reserves the right to liquidate funds available under this Agreement for costs incurred by the City on behalf of the Subrecipient.

1. Disbursements shall be made for merchandise or services that have been properly budgeted and authorized which are accompanied by an invoice, Agreement, purchase order, or other authorization properly approved. Disbursements shall be made after certification by the Subrecipient that the Subrecipient has received the merchandise or services. All disbursements are to be made by check. No checks are to be payable to Cash. All checks shall be pre-numbered.

2. Expenditures under this Agreement shall be made solely for Program goods and services, which will be utilized during the Agreement term. The Subrecipient shall not spend funds for services, which are to be furnished beyond the Agreement term. Funds spent for services, supplies, or consumed in whole or in part beyond the term of the Agreement shall be unallowable expenses with respect to that portion of goods or services consumed or supplied beyond the term hereof.

The City shall reimburse Subrecipient for eligible activities that occur between March 1, 2020, and January 31, 2021. No funds are to be encumbered for the payment of Program costs incurred prior to the order to proceed, or costs incurred with respect to any action of the Subrecipient after the City has requested that the Subrecipient furnish data concerning such action prior to proceeding further, unless and until the Subrecipient is thereafter advised in writing that the City does not object to so proceeding.

Payments may be contingent upon certification of the Subrecipient's financial management system in accordance with the standards specified in 24 CFR Part 200.

V. GENERAL CONDITIONS
A. **Compliance**

In the event the Subrecipient violates any HUD regulations or requirements, and specifically those related to the Emergency Solutions Grant Program, the Subrecipient shall assume full and complete responsibility for said violations, including payment of the penalty imposed or re-payment of improperly expended funds, and shall defend, indemnify, and hold the City, its elected officials, officers, agents, and employees harmless.

D. Insurance & Bonding

The Subrecipient shall carry sufficient insurance coverage to protect Agreement assets from loss due to theft, fraud, and/or undue physical damage, and at a minimum, shall purchase a blanket fidelity bond covering all employees in an amount equal to cash advances by the City. The Subrecipient shall comply with the bonding and insurance requirements of 2 CFR Part 200 Subpart D.

E. Amendments

The City and the Subrecipient may amend this Agreement. However, no such amendment shall be effective unless it is reduced to writing, which shall reference this Agreement, executed by a duly authorized representative of each party, and, if required or applicable, approved by the Commission of the City of Dayton.

F. Entire Agreement / Integration

This Agreement, together with all Exhibits and attachments referenced herein, represents the entire and integrated Agreement between the City and the Subrecipient. This Agreement supersedes all prior and contemporaneous communications, representations, understandings, agreements, or contracts, whether oral or written, relating to the subject matter of this Agreement.

G. Waiver

A waiver by either party of any breach of this Agreement shall be in writing. Any such waiver shall be effective only in the specific instance and for the specific purpose for which it is given and shall not affect the waiving party's rights with respect to any other or further breach.
H. **Governing Law**

I. **Reference to Laws**

At any time during normal business hours and as often as the City may deem necessary, the Subrecipient shall make available to the City all of its records with respect to all matters covered by this Agreement, and will permit the City to audit, examine, and make excerpts of transcripts from such records and to make audits of all agreements, invoices, materials, payrolls, records of personnel, conditions of employment and other data relating to all matters covered by this Agreement. The City may require the Subrecipient to provide by an independent CPA at the Subrecipient’s expense, an audit of this Agreement. In performing such audits, the Subrecipient shall require the auditor to comply with all City rules and regulations governing auditing.

B. Retention

The Subrecipient shall retain all records pertinent to expenditures incurred under this Agreement for a period of three (3) years after the termination of all activities funded under this Agreement. Records for non-expendable property acquired with funds
under this Agreement shall be retained for three (3) years after receipt of final payment. Notwithstanding the above, if there is litigation, claims, audits, negotiations or other actions that involve any of the records cited and that have started before the expiration of the three-year period, then such records must be retained until completion of the actions and resolution of all issues, or the expiration of the three-year period, whichever occurs later.

E. **Property Records**

The Subrecipient shall maintain real property inventory records, which clearly identify properties purchased, improved, or sold. Properties retained shall continue to meet eligibility criteria and shall conform to the "changes in use" restrictions specified in 24 CFR Part 576 and 2 CFR Part 200 as applicable.

F. **Close-Outs**

The Subrecipient’s obligation to the City shall not end until all closeout requirements are completed. Activities during this close-out include, but are not limited to: making final payments, disposing of program assets (including the return of all unused materials, equipment, unspent cash advances, program income balances, and receivable accounts to the City), and determining the custodianship of records.

G. **Audits & Inspections**

All unused program income shall be returned to the City at the end of the Agreement period. Any interest earned on cash advances from the U.S. Treasury is not program income and shall be remitted promptly to the City.

It is expressly agreed and understood by the Subrecipient that Section 35.14 of the Revised Code of General Ordinances of the City of Dayton, constitutes a material condition of this Agreement as fully and as if specifically rewritten herein and that failure to comply therewith shall constitute a breach thereof entitling the City to terminate this Agreement at its option.

B. The Subrecipient shall comply with all other applicable federal, state, and local laws, regulations, and/or orders pertaining to equal employment opportunity.

X. **TERMINATION**

In addition to all other remedies provided under this Agreement or at law, the City may terminate this Agreement in the event or for the following reasons:

SCOPE OF SERVICES
HOMEFULL EMERGENCY SOLUTIONS GRANT
PREVENTING HOMELESSNESS BY ALIGNING
SYSTEMS EFFECTIVELY (PHASE) PROGRAM

1. PROGRAM

Preventing Homelessness by Aligning Systems Effectively (PHASE) proposes to implement a high functioning crisis response collective impact project to prevent homelessness by focusing on effective targeting in school-based prevention and in eviction prevention (including legal assistance) for high-risk households living in subsidized, public housing.

The target population is households at imminent risk of literal homelessness. Prevention assistance becomes clearer the nearer households are to homelessness. Based on local data, these households are most likely to have been homeless before and/or at risk for eviction from subsidized housing. The PHASE partnership will offer a menu of problem-solving and practical Progressive Engagement options to meet the needs of these high-risk households with the right resources at the right time.

2. COMMUNITY DEVELOPMENT GOALS AND OBJECTIVES

- Provide temporary assistance to individuals that would have become homeless but for this assistance;
- Reduce the number of households entering shelter

3. OUTCOME MEASUREMENTS: PERFORMANCE AND OUTCOME MEASURES

In accordance with U.S. Department of Housing and Urban Development (HUD) requirements, the City has implemented a performance measurement system that is based on an outcomes-based approach to funding projects. The City requires recipients of federal funds to assess the productivity and impact of their programs. This Performance and Outcome Measurement System will help to quantify the effectiveness of programs and establish clearly defined outcomes.

Outcomes-based measurement focuses on results rather than processes and provides an assessment tool for the City and its grantees. The implementation of an outcomes funding framework intends to improve results, accountability, and cost-effectiveness of funded programs.

The City shall report outcomes accomplishments to HUD. The City therefore requires the Subrecipient to submit performance measurement reports that focus on establishing clearly articulated objectives, performance measures, outputs, and program outcomes (desired end results). The City shall review the reports to track progress, provide feedback, and when necessary, provide technical assistance. Program performance is also considered in the decision-making process for fund allocation.
4. **SUBRECIPIENT RESPONSIBILITIES**

The Subrecipient will be responsible for the following aspects of managing the program:

- Comply with all ESG regulations;
- Market program in conjunction with the City;
- Provide prevention assistance to eligible families and individuals; and,
- Preparation of reports to the City as detailed in Article VIII of the Agreement.

5. **BUDGET**

**TWENTY-NINE THOUSAND TWO-HUNDRED FIFTY DOLLARS AND ZERO CENTS ($29,250.00)** in ESG funds will be used solely for the PHASE Program, as specified in Exhibit B, “Budget”

6. **STAFFING**

The Subrecipient shall assign the following staff as Key Personnel to the ESG Prevention program:

Any changes in the Key Personnel assigned or their general responsibilities under this project are subject to the prior approval of the Grantee.

2. Contractor must require that the subcontracted agency submit the same level of documentation and information that Contractor must provide to seek payment from the City and such information and documentation must be submitted by the Contractor to the City with its invoice. At a minimum, the subcontracted agency should provide Contractor a cover memo, on company letterhead, which summarizes the request for payment, the amount requested, services provided for the requested amount, and information on clients served, if applicable.

Unless disputed or the City determines that there is insufficient documentation to substantiate the invoice, the City will tender payment to Subrecipient within thirty (30) days from the date the City receives the invoice.

8. DOCUMENTATION AND RECORD KEEPING

In order to ensure that program participants and activities meet the program eligibility criteria, the Subrecipient must keep the following documents:

A. Referrals from social service agencies documenting that program participant were indeed homeless at the time they entered the Program;

2. Total number of individuals approved for assistance;
3. Demographic profile of applicants and approved recipients;
4. Number of individuals assisted;
5. Description of assistance completed for each individual assisted;
6. Percentage of applicants who were from low and moderate income households; and
7. Status of funding i.e. expenditures and remaining balance.

All reports shall be submitted to the City's Department of Planning and Community Development.

2020 Miami Valley Regional Planning Commission Annual Membership Dues

The Department of Planning and Community Development requests approval to pay the attached invoice in the amount of $65,102.42 for the City of Dayton’s 2020 Miami Valley Regional Planning Commission (MVRPC) membership dues. Dues are based on U.S. Bureau of Census population figures from the 2010 U.S. Census, and are computed at forty-six cents ($0.46) per capita, as specified in the Agency’s funding assessment provisions. For the City of Dayton, this is 141,527 (our 2010 Census population count) multiplied by $0.46 for a total of $65,102.42.

This membership allows the City of Dayton to participate in and vote on important regional planning and transportation issues. Most importantly, this membership provides the City access to the Ohio Department of Transportation’s funding process.

Subrecipient Agreement - 2019 Emergency Solutions Grant

The Department of Planning and Community Development requests approval to enter into an Agreement with St. Vincent de Paul Social Services, Inc., in the amount of $291,061.00, to provide shelter for homeless individuals and families. The City of Dayton has been awarded 2019 Emergency Solutions Grant (ESG) funding from the U.S. Department of Housing & Urban Development (HUD) to improve the quality of existing emergency shelters and provide critical social and supportive services necessary to assist homeless individuals in becoming self-sufficient.

The St. Vincent de Paul Gateway Shelters are the only two emergency shelters for the general homeless population in our community. The St. Vincent de Paul Gateway Shelters provide vital operational and basic human services to the homeless men, women and families in our community, in order to ensure their secure and safe shelter during the length of their homelessness and while they are working with case management on housing-focused plans. Operational and human services provide beds, shower facilities, three daily meals, clothing, personal hygiene items, mail and message services, lockers to store belongings, infants’ and children’s needs, and 24-hour contracted security.

This Agreement shall commence upon execution and it shall terminate on June 30, 2020.

This Agreement has been reviewed by the Law Department as to form and correctness.

THIS SUBRECIPIENT AGREEMENT ("Agreement") is entered into this day ___ of
________________, 2020, between the CITY OF DAYTON, OHIO (hereinafter referred to as
"City") and ST. VINCENT DE PAUL SOCIAL SERVICES, INC. a not-for-profit corporation
organized under the laws of the State of Ohio, (hereinafter referred to as "Subrecipient").

WITNESSETH THAT:

WHEREAS, The United States Department of Housing and Urban Development ("HUD")
awarded the City grant funding under the "Emergency Solutions Grant Program," as authorized
by the Stewart B. McKinney Homeless Assistance Act, including Subpart B of Title IV of the Act;
and,

WHEREAS, The Subrecipient operates and manages night homeless shelters for men,
women, and dependent children ("Program"); and,

WHEREAS, The Program qualifies for the receipt of funding under the Emergency
Solutions Grant Program, and that providing a portion of the City's grant award from HUD to the
Subrecipient for its Program is consistent with the objectives of the Emergency Solutions Grant
Program.

NOW, THEREFORE, In consideration of the mutual promises and covenants hereinafter
set forth, the parties hereto mutually agree as follows:

I. GRANT OF FUNDS

The City grants the Subrecipient a portion of its Emergency Solutions Grant Program
award from HUD in an amount not to exceed TWO HUNDRED NINETY-ONE
THOUSAND SIXTY-ONE DOLLARS AND ZERO CENTS ($291,061.00) for the costs of
managing and operating the Program.

II. SCOPE OF SERVICES

A. Program

The Subrecipient shall, in a manner satisfactory to the City, manage and operate the
Program, as described in Exhibit A, which is attached hereto and incorporated
herein. The Subrecipient shall be solely responsible for all aspects of operating the
Program, and shall use the funds provided hereunder for those costs listed in Exhibit
A under the heading "Use of Funds."

B. Special Requirements

1. The Subrecipient agrees to provide matching funds equal to the amount of grant
funding to be provided by the City hereunder. Calculation of the matching funds
shall be determined according to the HUD regulations set forth in 2 CFR Part Subpart D 200.36.

2. Any building for which Emergency Solutions Grant Program funds are used must be maintained as a shelter for the homeless for the period prescribed by the HUD regulations set forth in 2 CFR Subpart D 200.311.

3. Any Emergency Solutions Grant Program funds used for building renovation, conversion or major rehabilitation must meet the local government standard of being in a safe and sanitary condition.

4. Homeless individuals must be given assistance in obtaining appropriate supportive services, including permanent housing, medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living and obtaining other federal, state, local, and private assistance that may be available for such individuals.

5. To the maximum extent practicable, homeless individuals and families must be involved in the construction, renovation, maintenance, and operation of facilities assisted under the Emergency Solutions Grant Program, and in providing services for occupants of these facilities.

6. The Subrecipient must comply with applicable federal laws concerning nondiscrimination and equal opportunity accessibility, lead-based paint, flood insurance, drug and alcohol free facility and use of debarred, suspended, or ineligible subrecipients. (See Appendix II to Part 200)

C. Monitoring and Evaluation

1. Subrecipient agrees that the City and HUD, or its agents shall monitor, evaluate and may provide guidance and direction to Subrecipient in the conduct of the work and activities to be performed under the terms of this Agreement.

2. The City will monitor the performance of the Subrecipient against goals and performance standards as set forth in Exhibit C. Substandard performance as determined by the City will constitute non-compliance with this Agreement. If action to correct such substandard performance is not taken by the Subrecipient within a reasonable period of time after being notified by the City, Agreement suspension or termination procedures may be initiated.

III. TIME OF PERFORMANCE

This Agreement shall be effective upon approval by the City Commission. The services and work to be performed by the Subrecipient shall commence July 1, 2019, through June 30, 2020, at which time all work must be satisfactorily completed in compliance with this Agreement.
IV. **BUDGET AND PAYMENT PROCEDURES**

A. **Budget**

Exhibit B, which is attached hereto and incorporated herein, shall serve as the official line item budget for the Program to be funded under this Agreement. In order to provide sufficient flexibility in the operation of the Program, the Subrecipient may amend the budget by transfer of funds between budget line items, so long as no line item is changed by more than 10% of that amount presently set out for that particular line item and such change would not violate 2 CFR Subpart D and E. A transfer of funds greater than 10% in any one line item shall not be effective until copies of the proposed amended budget are presented to and approved by the City's Director of Planning and Community Development.

B. **Payment Procedures**

1. The City shall reimburse to the Subrecipient funds available under this Agreement based upon information submitted by the Subrecipient and consistent with any approved budget and City policy concerning payments. With the exception of certain advances, payments will be made for eligible expenses actually incurred by the Subrecipient, and not to exceed actual cash requirements. In addition, the City reserves the right to liquidate funds available under this Agreement for costs incurred by the City on behalf of the Subrecipient.

2. Disbursements shall be made for merchandise or services that have been properly budgeted and authorized which are accompanied by an invoice, Agreement, purchase order, or other authorization properly approved. Disbursements shall be made after certification by the Subrecipient that the Subrecipient has received the merchandise or services. All disbursements are to be made by check. No checks are to be payable to Cash. All checks shall be pre-numbered.

3. Expenditures under this Agreement shall be made solely for Program goods and services, which will be utilized during the Agreement term. The Subrecipient shall not spend funds for services, which are to be furnished beyond the Agreement term. Funds spent for services, supplies, or consumed in whole or in part beyond the term of the Agreement shall be unallowable expenses with respect to that portion of goods or services consumed or supplied beyond the term hereof.

4. No funds are to be encumbered for the payment of Program costs incurred prior to the order to proceed, or costs incurred with respect to any action of the Subrecipient after the City has requested that the Subrecipient furnish data concerning such action prior to proceeding further, unless and until the Subrecipient is thereafter advised in writing that the City does not object to so proceeding.

5. Payments may be contingent upon certification of the Subrecipient's financial management system in accordance with the standards specified in Part 200-Uniform Administrative Requirements, Cost Principles, and Audit Requirements for federal awards.
V. GENERAL CONDITIONS

A. Compliance

1. The Subrecipient agrees that the HUD regulations set forth in 2 CFR Part 200 Subpart D are applicable to the grant funds it receives pursuant to this Agreement.

2. The Subrecipient agrees that the work and services authorized by this Agreement shall be performed in accordance with any and all applicable local, state and federal regulations, directives or guidelines.

3. The Subrecipient agrees to prohibit the use of federal funds for lobbying in compliance with the following:

   (a) No federal appropriated funds have been paid or will be paid, by or on behalf of the Subrecipient, to any person for influencing or attempting to influence an officer or employee of any agency, a member of congress, an officer or employee of congress, or an employee of a member of congress in connection with the awarding of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal agreement, grant, loan, or cooperative agreement.

   (b) If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of congress, an officer or employee of congress, or an employee of a member of congress in connection with this federal agreement, grant, loan or cooperative agreement, the Subrecipient shall notify the City, and complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

4. The Subrecipient shall include the requirements of this Subsection A in award documents for all sub-awards at all times (including sub-contracts, subgrants and Agreements) and require that all sub-award recipients disclose the same accordingly.

B. Independent Contractor

The parties hereby agree that at all times, the Subrecipient shall be an Independent Contractor and not subject to control by the City, except as provided herein. As an Independent Contractor, the parties hereby agree that the relationship between the parties shall not be held out or construed as employer-employee, joint-venture, or principal-agent. Neither party shall act or represent itself in such a manner as to assume or create any obligation on behalf of, or in the name of the other party, without the prior written and express authority to do so by a duly authorized representative of the other party.

Subrecipient understands and agrees that any and all persons retained or hired to perform the duties and responsibilities under this Agreement are not City employees, and not entitled to any of the emoluments of City employment, including for the purposes of Ohio Employee Retirement System membership. Further, the
Subrecipient shall be responsible for paying such agents, Subrecipients and sub-
Subrecipients, withholding from their pay, all local, state and federal taxes, and
Workers Compensation Insurance. Subrecipient further acknowledges and agrees
that none of its employees are public employees for the purpose of membership
and/or participation in the Ohio Public Employees Retirement System (OPERS).

C. Indemnification

The Subrecipient shall defend, indemnify and hold harmless the City, its elected
officials, officers, employees and agents from and against legal liability for all claims,
losses, damages and expenses to the extent that such claims, losses, damages, or

SCOPE OF SERVICES
ST. VINCENT DE PAUL SOCIAL SERVICES, INC.

1. PROGRAM

St. Vincent de Paul Gateway Shelters are the only two emergency shelters for the general homeless population in our community. The St. Vincent de Paul Gateway Shelters provide vital operational and basic human services to the homeless men, women and families in our community in order to ensure their secure and safe shelter during the length of their homelessness and while they are working with case management on housing-focused plans.

Both facilities provide 24-hour shelter for usual capacities of 178 single men (238 in severe weather), 70 single women, and 30 families with an average of 60 children. In 2019, St. Vincent de Paul provided 161,856 units of shelter to 1,945 single men, 1,000 single women, and 408 families with 580 adults (primarily women) and 703 children.

Operational services are comprised of maintenance, security, and all other services related to providing one 24-hour day of shelter that includes a bed, shower, a place to be during the day, three meals, laundry, personal hygiene items, clothing, storage of belongings, and the use of an address and telephone.

3. OUTCOME MEASUREMENTS: PERFORMANCE AND OUTCOME MEASURES

This Performance and Outcome Measurement System will help to quantify the effectiveness of programs and establish clearly defined outcomes.

Outcomes-based measurement focuses on results rather than processes and provides an assessment tool for the City and its grantees. The implementation of an outcomes funding framework intends to improve results, accountability, and cost-effectiveness of funded programs.

The City shall report outcome accomplishments to HUD. The City therefore requires the Subrecipient to submit performance measurement reports that focus on establishing clear articulated objectives, performance measures, outputs and program outcomes (desired end results). The City shall review the reports to track progress, provide feedback, and when necessary, provide technical assistance. Program performance is also considered in the decision-making process for fund allocation.

SUBJECT: Grant Application Approval Form for FY20 Ohio Airport Grant Program

In November 2019 the Ohio Department of Transportation established a Federal Matching Grant program for the commercial service airports for fiscal years 2020 and 2021. The Ohio Department of Transportation grants were previously reserved for General Aviation Airports only. The grant program is structured so that the funding will be equally distributed among each of the participating Ohio airports, matching 5% of the non-federal share up to a capped amount. The Airport Capital Project Administrator was unaware of these changes made to the Ohio Airport Grants Program.

The City Commission on behalf of Aviation previously passed and has an existing Resolution for FY2020 that authorized submission for applications to the Ohio Airport Grant Program, the description mentions Dayton Wright Brothers Airport projects only. A new Resolution for FY2020 was drafted to include both Dayton Wright Brothers Airport and Dayton International Airport. The grant application form is needed to proceed with this Resolution.

Going forward the matching grant resolution will be put in place at the beginning of the year to ensure that the Grant Application Approval Form and Resolution are processed timely.

Please contact me at (937) 454-8212 if you require anything further.

Thank you.

4. There will be no increase in the amount of this ODOT Matching Grant subsequent to execution of the grant agreement (i.e., there will be no "change orders").

5. The Applicant's Governing Body has passed a resolution authorizing this Application.

6. The Applicant has sufficient funds available for that portion of the project costs which will not be paid by ODOT, and the required local funding for the project as described in the application has been appropriated.

Such written permission shall include instructions on how to dispose of the equipment and what to do with the proceeds of any sale of the equipment.

9. In the case of real property acquired with funds from this grant, if the facilities cease to be an airport at any time, the Applicant agrees to return to the State a percentage of the appraised fair market value of the real property at the time the facility ceases to be an airport. The percentage shall be the same as the original State percentage of total project cost (i.e., 5%)

10. SUBJECT: 2020 Original Appropriation Ordinance

Attached for your review and submission to the City Commission is the 2020 Original Appropriation Ordinance. Overall, the appropriation totals $675.8 million. It funds critical City services, our commitment to Issue 9-Your Dollars, Your Neighborhood, maintenance of vital infrastructure, and neighborhood investments including park upgrades, demolition, and our largest paving program in at least 40 years. The budget funds the 2020 Dayton Fire Recruit Class, 24 of whom are homegrown heroes, and the most diverse class in DFD history. Also funded in the 2020 appropriation is a new sustainability office and a new consolidated call center for improved customer service.

We are requesting the first reading on February 12, and second reading with City Commission approval on February 26, as a non-emergency ordinance. Please note the Mayor’s State of the City address is scheduled for February 19. The Original Appropriation will take effect on March 27. The Appropriation Ordinance reflects the budget as presented and discussed with the City Commission during the two budget work sessions held in December, and as reflected in the 2020 Budget Resolution, with a few modifications.

These changes from the Budget Resolution passed by the City Commission on December 18 include $3.1 million in net budget increases, as well as $148.9 million in 2019 carry-over budget for Capital and Non-operating Funds. These changes are summarized below.

1. The original General Fund appropriation of $203.5 million includes the Departmental budgets at $185.0 million and Special Projects at $18.4 million. There is a $3.9 million change in the Special Projects budget when compared to the 2020 Budget Resolution.

   - The Non-Departmental expenditure budget was reduced by $120,000 and moved to transfers out to fund the employee development through the UD Leadership program. The net effect of this change is zero.
   - A $300,000 increase in the Judgments Special Project Fund for judgments against the City.
   - An increase of $295,500 for funding for Police in-car cameras that was inadvertently left out of the Public Safety Photo Enforcement Fund budget.
   - $120,000 increase in the Professional Development Fund for the UD Leadership program, funded from the Non-Departmental budget.
   - An addition of $730,000 in the General Fund-supported Demolition Fund to match the budget to the cash balance.
   - An increase of $140,000 for vendor expenses related to Photo Enforcement activities.
   - A $46,500 addition for the Citizen Engagement budget to match the cash balance.
   - An increase of $324,800 in transfers out from Unclaimed Funds, enabling those funds to be expended for departmental uses. This is a 2020 budget solution.
2. A correction of $1.0 million to HOME Non-Operating to reflect the carry-over budget.

3. A General Capital increase of $80,000, of which $50,000 provides budget for facility improvements for the Paramedicine program and $30,000 for repair of Five Oaks gates.

4. Water Capital’s 2020 budget increases by $25,000 for tornado-related costs that were not included in the Budget Resolution.

5. An increase of $127,700 for one position in the Sewer Operating Fund that was inadvertently omitted from the Budget Resolution.

6. The 2020 Original Appropriation includes the current year appropriation along with the prior year’s unexpended appropriation balance for all Non-Operating and Capital Funds. The Budget Resolution included the 2020 current year appropriation only and did not include any carry-over budget since those amounts could not be identified until December 31. The prior year’s unexpended appropriation balance (carry-over budget) adjustments are listed below.
