The Dayton Environmental Advisory Board (EAB) and its Water Committee will each hold meetings on Friday, Feb. 14. Both meetings will occur at City Hall (101 W. Third St., City Manager's large conference room, second floor).

The EAB's monthly meeting will be held at noon. The EAB advises the City Commission, the city manager and departments, boards, and agencies on matters related to environmental quality, either in response to requests from the City of Dayton or as a result of a need observed by the EAB.

The Water Committee will hold its annual meeting at 11 a.m. The Water Committee, under the direction of the EAB, assesses water-related topics for greater understanding and technical clarity. The committee also provides updates to the EAB on particular topics, citizen concerns and more.
