

City Commission to hold public hearings May 19 and 26

Release date: Friday, May 14, 2021

Contact: Ariel Walker, Director, Office of the City Commission, 937-333-3636

The Dayton City Commission will hold two public hearings to receive public comment on the City of Dayton's proposed membership in the Sustainable Ohio Public Energy Council of Governments organization.

The membership would make possible an electric aggregation program for the City of Dayton, its residents and businesses. SOPEC provides exclusively green/renewable energy, largely derived from wind power generation.

The hearings will provide an opportunity for public comment on SOPEC's operations and governance plans.

The hearings are scheduled for Wednesday, May 19, during the 6 p.m. City Commission meeting, and Wednesday, May 26, during the 8:30 a.m. City Commission meeting. The hearings will be held remotely and may be viewed on at daytonohio.gov/govtv or on Spectrum Cable channel 6.

Persons interested in speaking at the hearings or submitting comments should contact Mark Charles, City of Dayton Sustainability Manager, at 937-333-3612 or mark.charles@daytonohio.gov. The City of Dayton will accept written comments on this matter until 9:00 a.m. on May 21, 2021.
