The Combined Agency OVI Task Force of Montgomery County will operate a sobriety checkpoint on Friday, June 11, in Dayton. The location of the checkpoint will be revealed on June 11.

Dayton Police Department officers, along with officers of the combined Agency Task Force, will conduct a roadside check of drivers for alcohol and drug impairment. OVI checkpoints and enhanced patrols during this weekend are an effort of law enforcement agencies to deter and to apprehend impaired drivers. The majority of the deadliest crashes occur on the start and throughout the weekends.

From January 1, 2018, to June 1, 2021, there were 1,693 alcohol-related and 745 drug-related crashes in Montgomery County, with 173 crashes involving fatalities (61 of those were in the city of Dayton). During that same period, within a one-mile radius of the proposed checkpoint, there were 60 OVI arrests (statistics gathered from the Dayton Police Department and the Ohio Department of Public Safety).
