

## Webster Street Bridge Closing Through Late 2017

*Release Date: Thursday, January 7, 2016*

---

The Webster Street Bridge in downtown Dayton will close to traffic on Monday, January 11, and will remain closed until November 2017.

A posted detour will direct motorists to use Monument Avenue and Keowee Street as alternatives.

Demolition of the existing, 100-year-old bridge over the Mad River will be followed by construction of a new, \$10.1 million bridge.

The new bridge will include wider sidewalks, enhanced lighting and observation plazas. The project also includes roadway improvements at either end of the bridge.
