---

Vacation season is quickly approaching, and Dayton International Airport has everything needed to make the most of it this year, including a new Allegiant Airlines destination--Myrtle Beach.

Allegiant will begin offering new flights from Dayton to Myrtle Beach on May 24, with flight reservations available now.

"As the weather gets warmer, we are excited to see just how much Dayton travelers have embraced Allegiant," said Terrence Slaybaugh, director of the Dayton International Airport. "Allegiant offers some incredible options for those who want to get away."

Myrtle Beach joins a list of other fun getaway destinations from Allegiant, all departing from Dayton International Airport, including Fort Myers/Punta Gorda, Orlando/Sanford and Tampa/St. Pete.

Flight days, times and the lowest fares can be found only at [Allegiantair.com](http://Allegiantair.com).

If you are planning to get away for vacation, don't forget these travel tips to make traveling to your vacation destination easy and fun.

1. Plan carefully and prepare ahead of time. Plan for the unavoidable. Check your flight status at [flydayton.com](http://flydayton.com), and leave yourself plenty of time as a buffer before flights and between connections. Be at the airport two hours prior to your scheduled departure time to start your vacation travels in a relaxed mood.

2. Park at the airport. Dayton International Airport has convenient and affordable

parking options--including long-term parking, which is adjacent to or steps away from the terminal.

3. Know the latest TSA rules. Follow the 3-1-1 rule for packing liquids in your carry-on bag, including sunscreen. Leaving in a rush? Visit [flydayton.com/security](http://flydayton.com/security) to learn about TSA pre-check to make it even faster, and to learn what items are prohibited.

4. Don't risk the essentials. Remember to keep your keys, medicine and travel essentials on yourself or in your carry-on luggage.

5. No surprises. When packing, be sure to check all luggage pockets and compartments so you are not surprised with prior packed items when going through the TSA security check-point.
