---

Dayton Police Department homicide detectives continue their investigation into the death of Brittany Russell, 29, who was found shot to death inside a vehicle at 4115 Free Pk. on February 10, 2016.

Russell's infant daughter was also inside the car, but was unharmed. At this point, numerous interviews have been completed as detectives gather evidence and remain focused on determining and finding who is responsible for Ms. Russell's death.

On Friday, February 12, detectives interviewed a 37-year-old man, who at the time was found to have illegal drugs in his possession. After the interview, the man was arrested and booked into the Montgomery County jail on felony drug charges.
