## **MECHANICAL PERMIT FEES**

Mechanical permit fees (electrical, heating, plumbing, gas, sewer, and water) are based on the system cost. These costs are defined as "The fair market value for labor and material(s) to complete each service".

### **ELECTRICAL, HEATING, PLUMBING & GAS PERMIT FEE CALCULATIONS:**

For system costs of \$4,500 or less, the permit fee shall be \$60.00 + **State of Ohio surcharge (see note below)**.

For system costs greater than \$4,500 but less than \$100,000, the fee shall be \$60.00 plus 1% of the cost in excess of \$4,500 + **State of Ohio surcharge (see note below)**.

For system costs \$100,000 or more, the fee shall be \$1015.00 plus 0.5% of the cost in excess of \$100,000 + **State of Ohio surcharge (see note below)**.

**NOTE: In addition to the above City of Dayton permit fees there is a State of Ohio surcharge of 3% on commercial permits and 1% on residential permits. Multiply the City of Dayton fee by .03 for commercial permits or by .01 for residential permits.**

### **SEWER AND WATER PERMIT FEE CALCULATIONS:**

For system costs of \$2000 or less, the permit fee shall be \$35.00 + **State of Ohio surcharge (see note below)**.

For system costs greater than \$2000 but less than \$100,000, the fee shall be \$35.00 plus 1% of the cost in excess of \$2000.

For system costs \$100,000 or more, the fee shall be \$1015.00 plus 0.5% of the cost in excess of \$100,000.

**NOTE: Water and sewer permits are not subject to the state surcharge fee.**

### **ADDITIONAL FEES:**

**Investigation Fee:** An investigation fee of **\$25.00 minimum for 1, 2, & 3 family residences and \$50.00 minimum all other structures with a \$500.00 maximum** is charged when work is performed without a permit. In addition, the regular permit fee will still be due.

**Re-inspection Fee:** A re-inspection fee of **\$50.00** shall be charged when additional inspections or trips are made necessary by incomplete or faulty work, or because of an incorrect address given, or failure of the owner or agent to keep an appointment, or similar reasons. No fee shall be charged for one additional inspection. The re-inspection fee shall be charged for each subsequent additional inspection performed on that project.

**Non-sufficient Fund Penalty:** A non-sufficient fund penalty of **\$25.00** will be charged on all returned checks.
