PERMIT FEES

COMMERCIAL PLAN REVIEW FEES will be collected when plans are submitted.

Plan Review fees are 0.1% of the Project Value, with a minimum fee of \$37.41, plus a 3% State surcharge.

Building permit fees are calculated in accordance with the OBC type of construction method using the use group, the type of construction, and the square footage of the project or based on the Project Value.

Calculations for Permit Fees

Note: A State of Ohio surcharge of 3% of the permit fee for commercial permits and 1% of the permit fee for residential permits will be added to all the following permit fees.

- **Minimum Fee:** For all system costs, there shall be a minimum permit fee of \$43.64.
Example: Assume Project Value = \$50,000; Permit Fee = $\{[(\$50,000 - \$2,000) \times 0.010] + \$43.64\} = \523.64 . Add to this amount the State of Ohio surcharge. **NOTE:** A building permit will also include the Zoning Certificate Fee.
- For Project Values \$100,000 or more, the fee shall be \$1,265.75 plus 0.50% of the costs in excess of \$100,000.
Example: Assume Project Value = \$500,000; Permit Fee = $\{[(\$500,000 - \$100,000) \times 0.005] + \$1,265.75\} = \$3,265.75$. Add to this amount the State of Ohio surcharge. **NOTE:** A building permit will also include the Zoning Certificate Fee.

Zoning Certificate Fee

- Zoning certificate fees are charged on **all** building permits. Zoning fees are 0.2% of the assumed project value, with a minimum fee of \$93.53 and a maximum of \$10,000. (*The state surcharge is not added to this fee.*)
Example: Project Value = \$50,000; Zoning Fee = $\$50,000 \times 0.002 = \100.00 .
