The City of Dayton, Division of Public Affairs is seeking proposals from highly experienced and professional brand development firms to develop a brand identity program based on the framework set by the City of Dayton Neighborhood Vision Plan. A draft plan will be provided to the awarded vendor.

I. Purpose

This planning effort will create vision documents for large geographic segments of the City (West, Northwest, Northeast and Southeast). The effort in each geography will knit together existing plans and efforts while identifying where connections exist with a focus on providing solutions that will be a catalyst for change. Once completed, the four visions will be combined with the Greater Downtown Plan and other significant planning efforts to form a new comprehensive plan for the City.

A single comprehensive branding campaign is needed for all four visioning efforts as well as the final compilation document/effort for the comprehensive plan. This campaign should focus on educating residents about the City's vision for its neighborhoods and highlight Dayton as a city whose neighborhoods are on the rise. The focus will be on these three factors:

II. Branding

- Utilize the Dayton Vision Plan to develop a single unifying logo and brand messaging which is complimentary to the City's overall family of brands; and to be used for the compilation document/effort that will be the new comprehensive plan for the City.
- Create the brand standards (i.e. brand standard phrases, taglines, hashtags, and narratives) and identity guidelines (color palette) including the logo design, brand identity system and image standards, and templates. Templates should include brochures, Power Point Presentation templates, report covers, billboard designs, print ads, and other similar collateral.

III. Strategic Brand Implementation & Community Engagement

- Define the activities designed to effectively establish the new brand to target audiences as well as identify ongoing strategies for communicating, maintaining and enhancing the brand's value over the first three years following introduction. These strategies should:
 - Prioritize both short and long-term strategies and tactics, including a timeline.
