Subject: WARNING LETTER

Dear Ms. Bassett:

The City of Dayton, Department of Water, Division of Water Engineering mailed you a letter on 10/24/2017 and 2/28/18 notifying you of changes to maintenance requirements for post-construction water quality structures on the property shown in the attached manual. The letter detailed actions required by the responsible party to maintain compliance with the City's Storm Water Ordinance. We have not received the required agreement and maintenance log. This requirement is contained in the City of Dayton's Revised Code of General Ordinances, Section 54.09 Prohibitions, in compliance with the City's National Pollutant Discharge Elimination System (NPDES) permit with the Ohio Environmental Protection Agency. Failure to comply may constitute a violation of the City Ordinance and may result in fines of up to \$1,000.00 per day per violation.

We have enclosed a copy of the letter provided, as well as the documents required to be submitted. We require a response by the end of business on June 29, 2018 or a Notice of Violation will be issued.

The City of Dayton appreciates your cooperation by immediately submitting the required information.

If you have any questions or require additional information feel free to contact me at 937-333-2890.

Sincerely,

Emad Toufils, P.E.
Engineer
